PUNJAB PUBLIC LIBRARY.

VIII—MEETING, 1895.

Proceedings of the Annual Meeting of Life Members and Committee held on Saturday, the 21st December, at 6-30 P. M.

Present:

J. A. Sinclair, Esquire, Barrister-at-Law, ***Chairman.***

Bhái Jowáhir Singh.

Lála Kunj Behári Thapar.

Lála Manohar Lál, B.A.

H. T. Knowlton, Esquire, Officiating Secretary.

And by proxy—

Pandit Jwála Datta Prasháda Goswami.

1. Read a letter from His Highness the Rája of Farídkot, appointing Sardár Thakar Singh to appear as his representative at the meeting.

The Chairman regretted that, as the letter was not stamped in accordance with the provisions of Act I of 1879, the proxy-holder was not entitled to vote at the meeting.

2. The Secretary then laid before the meeting the following statement of the year's work:—

Income and Expenditure—

Receipts.

	Rs.	A.	P.
Government grant	2,000	0	0
Contributions from Local Bodies... ...	905	0	0
Donations and subscriptions	1,075	0	0
Sale of surplus books	259	10	0
Other receipts—Interest on P. O. account	82	15	6
Total ...	4,322	9	6

Expenditure.

	Rs.	A.	P.
Establishment	2,388	0	0
Book-binding...	64	8	0
Printing	114	0	0
Purchase of books	877	8	1
Purchase of furniture	92	8	0
Miscellaneous...	352	15	3
Total ...	3,889	7	4
Balance in hand ...	433	2	2

These figures, compared with those of last year, show an increase in the amount received from private individuals, but a decided falling-off in the income derived from other sources. This decrease is due to the reduction of the Government grant, and to the fact that many District Boards, which formerly subscribed to the Library, have discontinued their subscriptions. The subject has received the earnest attention of the Committee, and it is hoped that the steps recently taken by the Chairman, at the Committee's request, will be the means of securing more generous support in future. The increase in the income derived from subscriptions, noted in last year's report, still continues and is nearly double the amount received from this source in 1893.

Last year three names were added to the list of life members; this year, eight names have been added. There is a slight falling-off, compared with last year, in the number of readers; but the fact that 35,297 readers visited the Library shows that the public appreciate and gladly avail themselves of the advantages which the institution affords.

The number of volumes added to the Library during the year was 568. Of these, 190 volumes were purchased and the remainder presented. Among the latter are the valuable series of works issued by the Hakluyt Society presented by the Punjab Government, 67 volumes received from Maulvi Muhammad Hussain Azád, and 18 volumes received from Mr. A. J. W. Kitchin, C.S. The Committee record with deep regret the serious loss which the Library has sustained by the death of Munshi Nawal Kishore, C.I.E., of Lucknow, who has always been a generous supporter of the Library, and also by the death of Bábu Protap Chandra Roy, C. I. E., of Calcutta, who has presented this Library with the English translation of the "Mahabhárata," published by him.

During the absence of the President, Sir William Rattigan, Mr. Sinclair has, at the request of the Committee, undertaken his duties. The Committee met eight times during the past year for the transaction of current business.

Resolved that the report be filed for the present.

3. The business before the meeting was to elect, under Rule 4 of the "Constitution and Committee," two members to be on the Committee for one year. The members appointed last year were—

Sardár Krishna Singh, Barrister-at-Law.

Lála Lajpat Rái, Pleader, Chief Court.

The following members were elected to serve on the Committee for the coming year:—

Bhái Jowáhir Singh, Secretary, Khálsa College Council, Lahore.
Lála Lajpat Rái, Pleader, Chief Court, Punjab.

4. On the motion of Mr. J. A. Sinclair, it was resolved that the attention of the Committee of Management be invited to the question of the whole financial condition of the Association.

5. *Read* a letter from Mr. J. S. Brown, on behalf of the 'Lahore and Mean Meer Institute,' regarding the purchase of books by the Public Library.

Resolved that Mr. Brown's letter be referred to the Committee of Management for disposal, in connection with the general question of finance.

6. The Governing Body for the year 1896 is as follows:—

Names, addresses and occupations.	Nominated or elected by
President.	
1. The Hon'ble Sir William H. Rattigan, LL.D., Barrister-at-Law, Lahore ...	Punjab Government.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	Bounded on the South by	Bounded on the East by	Bounded on the West by

VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Saranki and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadar Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(a) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved] ;

(b) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(c) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (a), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

FINANCIAL COMMISSIONER'S OFFICE.

The 13th January 1896.

Addenda and Corrigenda to Punjab Revenue Circulars.

No. 564.

Punjab Revenue Circular No 37, page 332, Rule 16 :--

Omit the words from "and after verification" to end of sentence; and for the comma after the word "days" in the second line substitute a period.

Add as Rule 16 A and 16 B the following :—

16 A. When the birth of a male child is reported in the family of a jágírdár, an entry should be made accordingly in the genealogical tree. No enquiry of any kind, public or private, should be instituted into the truth of the relationship of the child to his reputed father when there are kinsmen in the line of succession to the jágír, unless those kinsmen have moved in the matter in their own interest. If there are no such kinsmen, it may become necessary to make some private enquiry; but even this should not be done unless rumours of fraud reach the ears of the Deputy Commissioner. If the Deputy Commissioner thinks some private enquiry necessary, he will, before moving, obtain the sanction of the Commissioner, to whom he will, in due course, report the result for further orders.

16 B. Enquiry will usually be desirable in doubtful cases when the birth is posthumous; and if the widow of a jágírdár declares herself to be pregnant, it may be desirable to make the enquiry before the actual birth takes place or is due, and in some such cases it may be desirable, if possible, to arrange to use the services of a competent Lady Doctor for the personal examination of the lady alleged to be pregnant; but, as already stated, the previous sanction of the Commissioner must in all cases be obtained before instituting inquiries.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	Bounded on the South by	Bounded on the East by	Bounded on the West by

VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Saranki and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadar Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved] ;

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding ; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the sametime pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Revenue Circular No. 54, Rule IX, page 579.

For Correction Slip No. 329, dated 18th October 1892, substitute the following :—

Add after second sentence in Rule IX—

"In all cases where it is proposed to acquire immoveable property for Government by private negotiation the officer concerned must first procure from the vendor a complete abstract of title extending over the full period of limitation for suits relating to immoveables (twelve years) supported by all documents of title on which the vendor relies, and accompanied by strict proof of all matters and facts forming a link in the chain of his title and must submit the same to the Financial Commissioner together with a draft of the deed of sale which the officer proposes to accept, for examination by the Government Advocate.

"Under no circumstances shall the property be acquired until the vendor's title and the draft deed of sale have been approved of by the Financial Commissioner.

"It is not sufficient to submit mere copies of documents of title. It is of prime importance to examine such documents in original where title rests upon them. On the other hand there may be cases (*e.g.* the case of indisputable adverse possession by the vendor for more than the period of limitation which confers a substantive title) where it is unnecessary to submit even copies of such documents."

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadar Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the sametime pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

(*b*) female students are admitted up to the age of 30.

2. Applications for admission must be made personally to the Principal on the 25th April, and applicants must produce the following certificates :—

(*a*) Certificate of having passed the Entrance or any higher Examination in Arts of the University of Calcutta, the Punjab or Allahabad, with Persian or Urdu as a second or classical language, or the School Final Examination of the University of Allahabad. In the case of Europeans the certificate of having passed the Final Standard under the Code of Regulations for European Schools is accepted as equivalent to the Entrance Examination of a University.

(*b*) Certificate of respectability signed by an officer of Government not below the rank of Tahsíldár, serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Principal.

3. Each student shall pay a fee of Rs 50 on the 1st May of each year and in addition a fee of Rs. 5 for each course of dissections. In the case of scholarship-holders the fees shall be realized in monthly instalments from their scholarships as these become due. The Principal has the power to admit students free of charge on the score of poverty up to a limit of 5 per cent. of the total number on the rolls of the College ; and to remit half the fees on the same grounds to an equal number. Fees once paid cannot be refunded.

4. Any matriculated student who leaves the College with the object of continuing his studies in Europe may receive certificates of attendance at lectures on payment of fees at the following rate :—

	Rs.
For each certificate of attendance on a course of lectures ...	25

In calculating the sum to be paid, the amount of the fees already paid by him shall be deducted.

5. Every student must attend at least 80 per cent. of the class meetings in each class to enable him to obtain a certificate of attendance.

6. Any person, not a matriculated student of the College, who wishes to attend any course of lectures, or any Department of Hospital Practice, may do so with the permission of the Principal and the Professor of the subject on payment of Rs. 25 for each course of lectures.

3.—EXAMINATIONS.

1. Examinations are of three kinds—Class, Sessional and University.

2. Class examinations are held by each Professor after each five lectures, on the subjects lectured upon. They are oral, and marks are given at each examination up to a maximum of 4.

3. Sessional examinations are held at the end of each Summer and Winter session on the subjects lectured upon during the session, each Professor examining in his own subject.

These examinations are written, and the marks awarded at them added to those given in the class examinations form the basis on which scholarships and prizes are awarded.

4. These examinations are compulsory for all students except those of the 3rd and 5th years, who, being about to appear in the University examinations, are not required to attend the sessional examinations at the end of the winter session.

Any student who, unless prevented by illness or other unavoidable cause, fails to appear in the sessional examinations, or who is reported by any Professor to be notoriously idle or incompetent, shall be liable to lose his certificate of attendance in the class concerned.

5. *University Examinations* are two in number—(*a*) the First Examination, and (*b*) the Final Examination.

These examinations are both written and oral, and are conducted by Examiners appointed by the Senate of the Punjab University.

For particulars as to these examinations, the Registrar of the Punjab University should be consulted.

6. *The First University Examination* is held at the end of the Winter Session of the third year.

Students who fail in two or more subjects are not allowed to begin the fourth year's course of studies till they pass in *all* the subjects.

Students who fail in only one subject are allowed to begin the fourth year's course, but must pass in that subject before beginning the fifth year's course.

7. *The Final University Examination* is held at the end of the Winter Session of the fifth year.

4.—COLLEGE SCHOLARSHIPS.

1. College Scholarships are classed as—

(*a*) *Entrance Scholarships* or those tenable during the first year;

(*c*) *Senior Scholarships*, or those tenable during the fifth year.

2. *Entrance Scholarships* are six in number, and of the value of Rs. 12 per month each. They are awarded on the results of the Arts Examinations of the Punjab, Calcutta and Allahabad Universities, as shown in the class lists; that is to say, students who have passed a higher examination in Arts are preferred to those who have passed a lower examination; and among students who have passed the same examination in Arts, preference is given to those who stand highest on the list.

3. *Junior Scholarships* are eighteen in number, and of the value of Rs. 14 per month each. They are tenable by students of the second, third and fourth years, and are awarded, according to the aggregate marks obtained in all the examinations of the year immediately preceding, to those who obtain most marks.

4. *Senior Scholarships* are six in number, and of the value of Rs. 18 per month each. They are awarded according to the aggregate marks obtained in all the examinations of the fourth year.

5. A deduction of Rs. 2 a month will be made from each of the above Scholarships when held by a student who in the University Entrance Examination was classed lower than the 1st Division, and who has not subsequently passed a higher examination in Arts In case of such students, the value of the Scholarships, after the deduction above referred to, will be Rs. 10, Rs. 12, and Rs. 16, respectively. For the purpose of calculating these deductions, the Final Standard Examination is considered equivalent to the Entrance Examination of a University in a lower division than the first.

6. An addition will be made to each of the above Scholarships on the following scale when held by a student who in the University Arts Examination was classed in the 1st Division of the Intermediate or First Arts Examination or who has passed higher examinations:—

Arts Examination passed.		Addition to Scholarships.
		Rs.
Bachelor Degree	First Division	14
	Lower Division	8
Intermediate or First Arts	First Division	4

	Entrance Examination.		*Intermediate or First Arts Examination*		*Bachelor Degree.*	
	Lower Division.	1st Division.	Lower Division.	1st Division.	Lower Division	1st Division.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	South by	East by	West by

VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Saranki and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadar Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the sametime pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest or any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, mis-statement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	South by	East by	West by
I	Rakh Rawal Jhangar.	500	Handal ...	Mauza Rawal Jhangar and Chhina Utar.	Mazali Utar ...	Nathoki.

III	Rakh Naul ...	449	Aulakh Utar	Mauza Naul ...	Aulakh Utar and Kála.	Chhina Utar.
IV	Rakh Dhala ...	5,536	Rawal Jhangar.	Dhala Kalán ...	Chhina Utar, Chorkot and Chautala.	Nathoki, Rakh Shah Inayat and Mauza Shah Inayat.
V	Rakh Shah Inayat.	2,188	Nathoki ...	Shah Inayat and Hallarki Paimar.	Rakh Dhala ...	Hallarki Paimar.
VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Saranki and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Uria and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, mis-statement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the			
			North by	South by	East by	West by

VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Saranki and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Proxy papers.

1. The Registrar laid on the table a statement of the proxy papers received.

2. The Vice-Chancellor then proceeded to read the first proposal on the list of Agenda which was—

Conferring of LL.D. Degree on Sir William Henry Rattigan.

(a). *That the Honorable Sir William Henry Rattigan, KT., LL.D., Barrister-at-Law, late Vice-Chancellor of the Panjab University, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws, and that, under the provisions of Section* 16 *of the Panjab University Act, the said Degree be conferred upon him* honoris causâ (*see para.* 1 *of the Proceedings of the Syndicate, dated 25th July* 1895).

(b). *That in the event of the Honorable Sir William Henry Rattigan being unable to present himself at the Convocation to be held on the 6th January* 1896, *for the purpose of receiving the said Degree, the said degree be conferred upon him in* absentia.

With reference to this resolution the Vice-Chancellor stated that if he refrained at this occasion from dwelling on the great and lasting services rendered by Sir William Henry Rattigan to the cause of the University, it was merely because he believed that they would be fully noticed by His Honor the Chancellor in connection with the award of the Honorary Degree at the ensuing Convocation.

The Syndicate's proposals were thereupon passed with acclamation.

3. The next proposal of the Syndicate was—

Annual Convocation.

(a). *That the 6th of January* 1896 *be fixed for the next Convocation of the University* (*see para.* 5 *of the Proceedings of Syndicate, dated 31st October* 1895).

(b) *That the degrees specified in Appendix III of the Syndicate Proceedings, dated 31st October 1895 be conferred upon the candidates named therein, who are duly certified to have passed the examinations and fulfilled the other conditions necessary for the several degrees referred to in accordance with the Statutes, Rules and Regulations now in force, and with the provisions of Section 14 of the Panjab University Act, and that the various medals, scholarships and special prizes be awarded as specified therein.*

Conferring of Ordinary Degrees.

This was carried unanimously (see Appendix I).

4. The following proposal was then read and passed without opposition:—

That the nominations of Examiners for the Arts, Oriental and Middle School Examinations of 1896, as recommended by the Syndicate in para. 2 of their Proceedings, dated 27th April 1895, as also in paras. 10 and 9 of their Proceedings, dated 31st October and 10th December 1895, respectively, be approved (see Appendix II).

Examiners for Arts, Oriental and Middle School Examinations, 1896.

5. The next proposal was—

That the nominations of Examiners for the Medical Examinations of 1896, as proposed by the Medical Faculty, be adopted (vide *para.* 3 (b) *of the Proceedings of Syndicate, dated 25th July 1895*).

Medical Examiners, 1896.

This was passed with the modification proposed by the Medical Faculty in its resolution dated 19th December 1895, that the Professor of the Madras Medical College be appointed Examiner in Midwifery in place of the Professor, Medical College, Calcutta, originally recommended, who was unable to act (see Appendix III).

6. The fifth proposal—

That the nomination of Examiners to look over and mark answer papers of candidates for the Middle School Examination, 1896, as recommended by the Syndicate in para. 3 of its Proceedings, dated 10th December 1895, be sanctioned,—

Examiners to look over answers of Middle School Examination Candidates, 1896.

was passed unanimously (*vide* Appendix IV).

7. The proposal next considered was—

That the nomination of Syndics for the year 1896, as proposed by the Law, Arts, Medical, Science and Oriental Faculties in their Proceedings of the 30th October, 15th, 16th, 27th November and 10th December 1895, respectively, with the additional nomination of a Syndic for the Engineering Faculty (see *para.* 5 *of Syndicate Proceedings, dated 10th December 1895*), *be approved.*

Syndics, 1896.

This was approved (*vide* Appendix V).

8. The proposal next taken up—

That the nomination of Members of the Board of Accounts for 1896, as proposed in para. 12 of the Syndicate's Proceedings, dated 10th December 1895, be approved,—

Board of Accounts, 1896.

was also carried without discussion (*vide* Appendix VI).

9. The eighth proposal (see Appendix VII) was then read and passed—

That the recommendation of the Syndicate regarding the nomination of members to represent the University on the Text-Book Committee be approved (see *para. 2 of Syndicate's Proceedings, dated 31st October, 1895*)

University Representatives on Text-Book Committee.

10. The next proposal on the list of Agenda was—

Arrangements during Dr. Stein's absence.

That the arrangements made by the Syndicate for carrying on Dr. Stein's work during the months of June and July 1895, *during which his services were required by the Kashmir State under the arrangement sanctioned by the Senate's Resolution, dated 23rd February* 1895, *be approved* (see *para.* 2 *of the Proceedings of Syndicate, dated* 12*th March* 1895).

This was passed unanimously (see Appendix VIII).

11. The tenth proposal—

Rules for the constitution of Syndicate.

That the verbal alterations in Rule 26 *of the Rules relating to the Constitution of the Syndicate, as proposed in para.* 12 *of the Syndicate's Proceedings, dated 27th April* 1895, *be approved, and that the Common Seal of the University be affixed to the Revised Regulations,—*

was also passed unanimously (see Appendix IX).

12. The meeting then proceeded to consider the eleventh proposal, which was—

Changes in Intermediate (Arts and Science) Examination Regulations.

That the modifications in the Regulations for the Intermediate Examinations in Arts and in Science proposed in paras. 2 *and* 3 *of the Syndicate's Proceedings, dated 6th March and* 10*th May* 1895, *respectively, be approved, and that the Common Seal of the University be affixed to the Revised Regulations.*

This was approved (*vide* Appendix X).

13. The proposal next considered was—

Changes in Entrance Examination Regulations.

That the Regulations for the Entrance Examination in Arts be amended in para. 12, *as proposed in resolution* 7 *of the Syndicate Proceedings, dated 2nd March* 1895, *and that the Common Seal of the University be affixed to the Revised Regulations.*

This was adopted with a verbal modification substituting the words "for candidates whose vernacular is English" in place of the words "for European candidates" (see Appendix XI).

14. The Syndicate's proposal, No. 13 as shown below, was then considered—

Text-Book in History, Entrance Examination.

That the recommendation of the Arts Faculty regarding the Text-Book to be prescribed in History for the Entrance Examination, as approved by the Syndicate in para. 6 *of their Proceedings, dated* 10*th December* 1895, *be accepted with effect from* 1898.

Dr. Sime expressed a doubt as to whether the text-book recommended Sir William Hunter's "Brief History of the Indian People" could be prescribed for the Oriental Faculty candidates in absence of a vernacular translation. R. B. Lala Madan Gopal and Mr. Dallinger explained that the book was recommended by the Arts Faculty for its superior style and other merits, and the former also expressed the hope that a vernacular version of the publication would soon appear if the latter were prescribed as a text-book. After some discussion, in the course of which Dr. Sime pointed out that whereas a special text-book was now recommended for Indian History, no such provision had been made by the Faculty for the other parts of the subject of General Knowledge at the Entrance Examination (History of England, Geography), the Vice-Chancellor proposed that as there is at present no text-book prescribed, but only a subject, *viz.*, the "Outlines of History of India and England," the Senate is not prepared to accept the proposal. It would leave the rule as it stands, leaving it to the Text-Book Committee to recommend any particular book for perusal in the schools.

This proposal was seconded by Dr. Sime, and put to the vote, when it was carried by 15 against 6.

15. The next proposal ran as follows :

Changes in B. A. and B. O. L. Regulations.

That the wording of para. 12 *IV of the Regulations for the B. A. Examination be amended, as recommended by the Arts Faculty, in para.* 2 *of their Proceedings, dated 25th October* 1895, *and that the Common Seal of the University be affixed to the Revised Regulations.*

This was adopted with the addition that the change recommended be held to apply also to the B. O. L. Examination (see Appendix XII).

16. The fifteenth proposal on the list of Agenda as shown below was considered and passed without discussion :

Wording of para. 6, Middle School Examination Regulations.

That the wording of para. 6 *of the Regulations for the Middle School Examination be revised, as proposed in para.* 13 *of the Proceedings of the Syndicate, dated 6th March* 1895 (see Appendix XIII).

17. The next proposal taken up was—

Rules for registration of Law School Fees.

That the Rules relating to the registration of Law School Fees, as proposed by the Board of Accounts, be adopted (see *para.* 3 *of Syndicate Proceedings, dated 6th March* 1895), *and that the Common Seal of the University be affixed to these Rules.*

This was passed *nem. contra.* (see Appendix XIV).

18. The meeting then considered and approved of the following recommendation :

Rules regarding remuneration to Examiners.

That the addition to the Rules regarding the Remuneration to Examiners, as proposed in para. 14 *of the Proceedings of Syndicate, dated 6th March* 1895, *and the amended scale of remuneration to Examiners for the oral and practical part of the Medical Examinations, as recommended in para.* 6 *of the Syndicate Proceedings of 25th July* 1895, *in the same Rules be approved, and that the Common Seal of the University be affixed to the Revised Rules* (see Appendix XV).

19. The next proposal considered was—

Panjab University Athletic Sports Tournament.

That the proposals of the Syndicate regarding the establishment and conduct of the Panjab University Athletic Sports Tournament, as contained in para. 1 *of their Proceedings, dated 12th March* 1895, *be approved.*

Dr. Ewing expressed a doubt as to whether in view of the insufficiency of the amount provisionally provided for the expenses of the Tournament and the insuitability of the time proposed for holding it on the first occasion, it was advisable to hold it for the academical year 1895-96.

After Dr. Sime had expressed the opinion that Rs. 1,000 would be needed for the expenses of the first year, Mr. Dallinger gave details as to the expenses involved by the arrangements which the Sports Committee had considered indispensable for the proper conduct of the Tournament.

The Vice-Chancellor indicated the following points of principle as specially deserving of careful consideration in connection with the Syndicate's proposals :—

(1) Whether University funds can legitimately be appropriated for encouragement of sports ;

(2) If the University is to encourage the sports, whether (*a*) it is prepared to undertake the entire management and bear the whole cost, *or* (*b*) is to leave the management to an independent Committee and to make only a limited grant towards the expenses, the Committee making up the amount raised by subscriptions.

After a full discussion of these points, in which Dr. Sime, Dr. Ewing, Mr Justice Chatterjee, M. Muhammad Shah Din and other Fellows took part, the following resolutions proposed by the Vice-Chancellor and seconded by Dr. Ewing were adopted unanimously :—

(1). That the Senate approves of the Proceedings of the Syndicate of March 1895, so far as they express the desire of the University to encourage Athletic Sports, and to make a contribution from the University Funds for this purpose ;

(2). That the nature of the connection of the University with the Athletic Sports be referred back to the Syndicate for consideration and a future report to the Senate to be considered on a future occasion ;

(3). That in consequence of the representations made by members of the Committee the Senate raises the grant for this year to Rs. 1,000.

20. The proposal next considered was—

Reports of University and Government Auditors, 1894-95.

(a). *That the Report of the University Auditor on the University Accounts for the three quarters ending 31st December 1894, and on the quarter ending 31st March 1895, together with the recommendations made thereon by the Syndicate, be accepted* (see *paras.* 3 *and* 2 *of the Syndicate Proceedings, dated 27th April and 25th July* 1895, *respectively*).

(b). *That the Report of the Government Auditor on the Accounts of the University for the year ending 31st March* 1895, *with the remarks of the Syndicate on the same, be accepted* (see *para.* 13 *of Syndicate Proceedings, dated 10th December* 1895).

This was agreed to (see Appendix XVI).

21. The twentieth resolution—

Affiliation of Panjab University to Cambridge University.

That the proposals regarding the affiliation of the Panjab University to the Cambridge University, as recommended in para. 4 *of the Proceedings of the Syndicate, dated 27th April* 1895, *be accepted,*—

was adopted without any remarks (see Appendix XVII).

22. The twenty-first proposal as shown below—

Statistical Report of Oriental College, 1895.

That the Statistical Report of the Oriental College for the year ending 31st March 1895, *together with the general remarks of the Committee thereon, be accepted* (see *para.* 4 (a) *of the Proceedings of the Syndicate, dated 25th July* 1895),—

was then passed (see Appendix XVIII).

23. The following resolution came up next and was passed :

Re-appointment of Lala Ramji Das as University Auditor.

That Lala Ramji Das, University Auditor, be re-appointed for a term of two years from 1st July 1895 (see *para.* 10 *of the Syndicate Proceedings, dated 6th March* 1895).

24. The next recommendation of the Syndicate, *viz.*,—

Re-appointment of Lala Chandra Bhan as Patiála Translator.

That the recommendation of the Syndicate, as contained in para. 1 *of their Proceedings, dated 10th May* 1895, *regarding the re-appointment of Lala Chandra Bhan,* M.A., *to the Patiala Translatorship for a further term of one year be sanctioned,*—

was then approved.

25. The last proposal on the list of Agenda was—

Nomination Rolls for Competitive Examination for Extra Assistant Commissioner.

That the Nomination Rolls of Lalas Moti Lal, B.A., *Labbhu Ram,* B.A., *Ganga Ram,* B.A., *Hem Raj,* M.A., *Prabhu Dyal,* B. A., *and M. Muhammad Ali,* B.A., *for admission to the Competitive Examination for Extra Assistant Commissionership be submitted to Government, as recommended in paras.* 9 *and* 27 *of Syndicate Proceedings, dated 25th July and* 10*th December* 1895, *respectively.*

This was also agreed to.

From—Lala RAMJI DAS, Auditor, Panjab University Accounts,

To—M. A. STEIN, Esquire, PH. D., Registrar, Panjab University, Lahore.

I HAVE the honor to report that I have audited the following accounts of the Panjab University for the first three quarters of the official year 1894-95, *i.e.*, 1st April to 31st December 1894. The books are kept neatly and the vouchers are in order.

1. Current Account.
2. Special Endowed Trusts.

3. General Endowment Fund.
4. Unendowed Subscriptions and Donations.
5. Oriental College Accounts.

2. In some cases vouchers have been taken for the gross amount due, and in others for the net amount paid. There ought to be one uniform system in this respect.

3. All vouchers, after being audited, should be cancelled by means of a perforating or endorsing stamp.

4. Some vouchers have not been audited as they are confidential, and a certificate by the Vice-Chancellor that he has seen them has been recorded.

Dated Lahore, the 20th July 1895.

From—RAMJI DAS, Auditor, Panjab University Accounts,

To—The Officiating Registrar, Panjab University, Lahore.

I HAVE the honor to report that I have audited the following accounts of the Panjab University for the last quarter of the official year 1894-95, *i.e.*, from 1st January to 31st March 1895:—

1. Current Account.
2. Special Endowed Trusts Account.
3. General Endowment Fund Account.
4. Unendowed Special Subscriptions and Donations Account.
5. Oriental College Account.

The books are well kept and the vouchers are in good order.

*2. All the vouchers have been audited with the following exceptions referring to the Current Account:—

I.—Voucher No. 493 of the 23rd January 1895 for Rs. 409-5-6.
II.— Do. No. 601 of the 18th March 1895 for Rs. 130-11-0.
III.— Do. No. 712 of the 30th March 1895 for Rs. 760-0-0.

These are said to be confidential, and have not therefore been checked.

Current Account.

3. All the expenditure under this account is well within the Budget Grant except in the following cases:—

	Rs.	A.	P.
I.—Law Lecturing Staff and Contingencies ...	82	4	3
II.—Additions to University Library ...	7	5	2
III.—Cost of conducting Examinations ...	1,249	14	10
IV.—Registrar's Office Contingencies ...	12	8	7
V.—University Convocation Expenses ...	255	1	3

The excess under item No. I is due to Rs. 90 having been paid on account of rent of a building for the Law School for which no provision was made in the Budget. The excesses under items Nos. II and IV being trivial call for no remarks.

The excess under item No. III is due to the increase in the number of Examinees which is proved by the income from fees being greatly in excess of the estimated amount.

The excess under item No. V is due to heavy charges being incurred in hiring chairs, durris, and other furnitures, &c., for Convocation, on account of the Imperial Darbar held at Lahore.

4. A payment of Rs. 420 (not provided for in the Budget) has been made during the year under report to the family of late Pandit Guru Parshád, but formal sanction of the Syndicate has been accorded to this outlay.

Special Endowed Trusts Account.

5. All the expenditure under this account is within the Budget Grant, except in the case of cost of medals, under which head an excess of Rs. 348-2-11 is due to the Patiala-Sime Gold Medals for previous years having been cast in the year under review. There was ample saving under this special trust to meet this expenditure.

6. The expenditure under other accounts call for no special remarks.

7. The annual statements for various accounts and the Consolidated Balance Sheet are enclosed.

* I have this day seen the Vice-Chancellor's certificates for the three vouchers referred to in this para.

RAMJI DAS,

C. N. MITTRA,

Offg. Registrar.

Extract paragraph 13 from the Proceedings of the Syndicate dated 10th December 1895.

13. The Report of the Accountant-General, Punjab, on the accounts of the University for the year ending 31st March 1895 was read (see Appendix) and accepted for submission to the Senate together with the following remarks :—With regard to the suggestion made in paragraph 7 that officials of the Education Department, while employed away from their head-quarters on duty connected with University Examination, should draw daily allowances only for halts not exceeding ten days, in accordance with the provisions of an article of the Civil Service Regulations, the Syndicate held that as the allowances actually paid were in accordance with Government rates and are only said to have been in excess of certain rules which are not binding on the University, and as the officials in question have rendered special services to the University, these allowances should be paid, in accordance with the practice hitherto followed, at the usual rate, even if the period of such special employ exceeds 10 days.

As for the remark that charges on account of the employ of temporary extra clerks for work connected with the preparation of examination certificates, etc., should not be incurred without the formal sanction of the Senate, the Syndicate expressed the opinion that Rule 38 authorising the Registrar to "arrange for the conduct of examinations" contains sufficient authority for this purpose, and that a reference to the Senate for special sanction of such expenses would inconveniently hamper the transaction of examination work.

With reference to paragraph 2 of the letter No. 681, dated 19th September 1895, from the Revenue Secretary to the Government, Punjab, forwarding the Accountant-General's report, the Syndicate were of opinion that the proposal made in paragraph 9 of this report referred to the special remuneration of the officer employed by the Accountant-General on the audit work, and not to the payment by the University of an additional sum of Rs. 60 in excess of the fee of Rs. 100 sanctioned for the expenses of the Government audit under Senate Resolution 18, dated 27th June 1891.

APPENDIX.

No. 681, dated Lahore, the 19th September 1895.

From—R. G. THOMSON, Esquire, Revenue Secretary to Government, Panjab,

To—The Registrar, Panjab University, Lahore.

WITH reference to the correspondence ending with your letter, No. 1429, dated the 30th of July 1895, I am directed to forward, for the information of the Senate, a copy of a letter, No. G.D.-7470, dated the 23rd of August 1895, from the Accountant-General, Panjab, submitting his report on the accounts of the Panjab University for the financial year 1894-95.

2. The Lieutenant-Governor approves of the honorarium of Rs. 60 recommended in the last paragraph of the Accountant-General's letter, and I am to request that the Senate may be asked to pass the charge.

No. G. D.-7470, dated Lahore, the 23rd August 1895.

From—The Accountant-General, Panjab,

To—The Chief Secretary to Government, Panjab.

I HAVE the honor to report that the accounts of the Panjab University for the financial year 1894-95 have been audited in accordance with the instructions contained in the Panjab Government letter, No. 1029, dated the 28th of June 1889, to my address.

2. The accounts kept up during the year are the same as in the previous year, namely :—

(1) The Current Account ;
(2) The Special Endowed Trust Account ;
(3) The Unendowed Special Scholarships and Donations Account ;
(4) The General Endowment Fund Account ;
(5) The Oriental College Account.

Separate Cash Books and a separate floating deposit account with the Bank of Bengal, Lahore, are kept for each of these five accounts.

3. The vouchers for payments were examined as well as the counterfoils of receipts issued, and were compared with the corresponding entries in the Cash Books and found in order, the transactions were then traced from the Cash Books into the Ledgers, and postings found to be correctly made, and I have satisfied myself that the audit carried out by the Auditor appointed by the University has been thorough and complete.

4. In the Current Account the Budget grants for expenditure were exceeded in the following cases:—

		Rs.	A.	P.
(1) Law Lecturing Staff Contingencies	... ...	82	4	3
(2) Additions to University Library	... ...	7	5	2
(3) Cost of conducting Examinations	... ...	1,249	14	4
(4) Registrar's Office Contingencies	... ...	12	8	7
(5) University Convocation Expenses	... ...	255	1	3

The excess charge of Rs. 1,249-14-4 under "Cost of conducting Examinations" is due to a large increase in the number of candidates, the income from fees being greater than the estimate by about Rs. 8,500. The excess of Rs. 255-1-3 under "University Convocation Expenses" is accounted for by special charges incurred for hire of furniture, &c., on the occasion of the Convocation held during the visit to Lahore of His Excellency the Viceroy. The other excess charges, being comparatively small, do not call for remark.

5. The expenditure of the Special Endowed Trust Account exceeded the Budget grant by Rs. 34?-2-11 owing to payment having been made during the year for Patiala-Sime Gold Medals for previous years.

6. I have ascertained that the Government grants to the University have been legitimately expended on the objects for which they were sanctioned, and I have compared the safe custody receipt of the Bank of Bengal, Lahore, for the Government Securities deposited with the Bank with the entries relating to these Securities in the Accounts of the University. The Securities stand in the books at the nominal value of Rs. 4,71,900, which is the same amount as at the close of the previous year, and includes Rs. 2,82,300 appertaining to the Special Endowed Trust Account and Rs. 1,89,600 to the General Endowment Funds. In addition to the above, a sum of Rs. 10,000 out of the balance of the Current Account is placed as a fixed deposit with the Bank of Bengal, and is acknowledged by the Bank in the custody receipt above referred to.

7. The Financial rules duly sanctioned appear to have been duly observed by the University officials, but it was noticed that in two cases officials of the Education Department while employed away from their head-quarters on duty connected with University Examinations, were permitted to draw daily allowances for halts exceeding ten days, contrary to the provisions of Article 1159 of the Civil Service Regulations, and that in another case a District Inspector of Schools was permitted to draw daily travelling allowance in lieu of his permanent monthly allowance under Article 1148 of the Regulations, though, as he was not required to proceed beyond the circle of his jurisdiction, he was not entitled to the option of exchanging his permanent allowance for daily allowance under that rule. It was also observed that the Registrar incurred expenditure amounting to Rs. 94-8-0 for pay of two clerks entertained temporarily for work connected with the University Examinations under Rule 38, page 49, of the University Calendar, but, as that rule merely requires the Registrar to arrange for the conduct of all Examinations, and does not specifically authorise him to entertain extra establishment, it appears that charges on that account should not be incurred by him without formal sanction of the Senate.

8. The financial condition of the University at the close of the year was sound, and the balance at credit of the Current Account rose from Rs. 41,185-13-0 on 1st April 1894 to Rs. 51,924-13-2 on the 31st March 1895.

9. In accordance with the Panjab Government letter, No. 798, dated the 18th of September 1894, the audit fee of Rs. 100 (one hundred) payable to me by the University as Government Auditor of the Accounts of the University will be credited to Government, but, as a qualified officer could not be spared this year to carry out the audit on my behalf as part of his ordinary duties, without causing considerable inconvenience in the current work of this office, I considered it necessary to depute an officer to conduct the audit as an extra duty out of office hours, and I propose to grant him an honorarium of Rs. 60 (sixty) under the provisions of Article 91 of the Civil Service Regulations, as, having regard to the nature of the work, and the time and special knowledge requisite for its performance, I am of opinion that a smaller sum than that would not be sufficient remuneration.

APPENDIX XVII.

Kings College Lodge, Cambridge, 25th March 1895.

From—A. AUSTEN LEIGH, Esquire, Vice-Chancellor, Cambridge University,

To—M. A. STEIN, Esquire, Ph. D., Registrar, Panjab University.

THE Affiliation Committee of the Council of the Senate have for some time had under consideration the application received last year from the Panjab University for affiliation to the University of Cambridge, and they are prepared to recommend the adoption of the Panjab University as an affiliated institution under certain conditions. Before taking this step, however, they would be glad to learn the views of the Senate of your University with regard to the proposed conditions. I, therefore, enclose herewith a copy of the draft prepared by the Committee, together with a copy of the general regulations for affiliated institutions, and I shall be obliged if you will, at your early convenience, inform me as to the views taken by the Senate.

[*Draft.*]

1. That the University of the Panjab be adopted as an Institution affiliated to the University of Cambridge.

2. That any Graduate in Arts of the University of the Panjab who has, in accordance with regulations of that University, passed the Entrance Examination, the Intermediate Examination in Arts, and the Bachelor of Arts Examination, and has, in one of these Examinations or in some other Examination held by that University, satisfied the Examiners in Greek, Latin, Sanskrit, Arabic, or Persian, be entitled to be admitted to the privileges of Affiliation.

20th March 1895.

6. With regard to fees, the students who read for examinations leading up to Degrees pay each a fee of Re. 1 per mensem. Those who read in the School Department pay one anna in every rupee from their scholarships, as likewise students preparing for the Oriental Titles Examinations.

Fees.

The fees are paid as usual for ten months in the year.

The annual income from fees amounts to Rs. 514-14-0 and shows an increase of Rs. 20-10-0 against the income of the previous year. The fees from Boarders amount in the aggregate to about Rs. 16 a month.

Remarks of the Oriental College Committee on the Statistical Report for 1894-95.

I. The receipts of the Oriental College Budget for the year 1894-95 amounted to Rs. 24,374. Against this there is an expenditure of Rs. 23,579 in the year under report, so that a saving of Rs. 795 has accrued on the whole. This saving resulted chiefly from restricted expenditure under the heads of Stipends and Miscellaneous Expenses. To the saving on the Budget (Rs. 795) must be added receipts on account of fees (Rs. 515), making a total saving of Rs. 1,310.

II. The total expenditure shown against the Oriental College Budget was Rs. 23,579 against Rs. 19,702 in the previous year. The difference between these two figures was due (*a*) to the expenditure (Rs. 1,665) on account of substitutes for Assistant Professors transferred from the Government College having been shown under the revised arrangement of accounts against the Oriental College Account instead of the Current University Account; (*b*) to the full budgeted expenditure having been incurred under the head "Principal's pay" in which a saving of Rs. 2,104 had been

effected in the preceding budget year on account of the Principal's absence on furlough. Deducting these two items from the total expenditure of the year, the real excess of the latter over the expenditure shown for 1893-94 amounts to Rs. 108 only. Out of the total expenditure Rs. 5,880 were met by the special Government grants which have been sanctioned by the Local Government to meet the actual expenses connected with the tuition of the Government College Classes in Oriental Languages.

The total **expenditure** under the University Budget was Rs. 8,694 (including Rs. 4,901 provided from Trust Funds on account of Endowed Readers) against Rs. 10,950 for 1893-94, the reduction being partly due to the transfer mentioned above under (*a*); Rs. 859 were spent on account of Government Scholarships held by the students of the College.

III. The **numbers of students** on the roll on the 31st March 1895 was 73 in the College and 51 in the School Department. The number of students in the College Department was the same as that shown for the corresponding date of the previous year, while the figure for the School Department shows a slight decrease against that for the 31st March 1894, which was 54.

IV. The **scholars** on the rolls on the 31st March 1895 were divided according to creed as follows :—

	Hindu.	*Muhammadan.*	*Sikh.*	*Total.*
College Department ...	26	42	5	73
School do. ...	29	17	5	51
Total ...	55	59	10	124

V. The following was the number of **scholarship-holders** (Government and University) and **stipendiaries** on the 31st March 1895 :—

	Scholarship-holders.	*Stipendiaries.*	*Without Scholarship or Stipend.*	*Total.*
College Department ...	32	27	14	73
School do. ...	7	8	36	51
Total ...	39	35	50	124

A comparison of the above figures with those reported on the close of the previous school year shows that while the number of **scholarships** (Government and University) awarded in competition on the results of the public examinations of the University and held by Oriental College students, has increased by six, the number of **stipendiaries** has been reduced by one.

VI. In addition to students actually belonging to the Oriental College, 212 **students of the Government College,** Lahore, who were reading for Arts Examinations, received in the year under review instruction in Oriental Languages in the Oriental College. Seven teachers (among them the Principal) were either permanently or for part of their time engaged in the tuition of these classes.

VII. The **Scheme of Studies,** shown on pages 54—55 of the Report, furnishes detailed information regarding the courses of lectures given to the several classes of the College and School Department. These courses of instruction were adapted to the courses of reading prescribed for the various Oriental Language and Degree Examinations of the Panjab University, and their arrangement shows that the principles which had been laid down on the re-organisation of the College in 1888 have been strictly maintained in the tuition of the Arts and Oriental Titles Classes, both in the College and School.

On pages 54—55 of the Report a detailed account will be found of the tuition in **English** which was organised under the recommendations of the same Sub-Committee and is carried on, in conformity with the Revised Regulations for the award of Oriental Title Diplomas, for students reading in Oriental Titles Classes. The progress made in this branch of instruction was tested by the **Special Examinat on in the English Language** held by the University under the Revised Regulations, with the result that five out of the six students who had received the requisite amount of tuition, and were thus prepared to present themselves at the examination, passed successfully and qualified for Diplomas of Oriental Titles. The employ offered to former students who had passed this test justifies the hope that these students will find opportunities as teachers of Schools or Colleges to utilise their training in giving instruction in Classical Languages through the medium of English and in accordance with modern methods.

VIII. It will be noticed from the statements given on page 46 of the Report that students of the Oriental College appeared at not less than 16 different Examinations of the University for 1895. The results gained by the Oriental College in these various Examinations show the high average of 80·4 per cent. of passes against 74.6 per cent. of the preceding year, this pass percentage being the highest recorded since the re-organisation of the College.

From a comparison of these results with the general pass percentages of candidates in the several Oriental Faculty Examination (*see* page 47), it will be found that the pass percentages gained by the Oriental College were in 9 Examinations considerably higher than those shown for the total of the candidates, and in four other Examinations equal to the latter. In not less than nine Examinations, *viz.*, M. O. L. (Arabic), M. A. (Sanskrit) B. O. L., Intermediate (O. F.), Entrance (O. F.), Visharada, Maulvi Alim, Munshi Fazil, and Munshi Alim,—the results show for the Oriental College fully 100 per cent. of passes.

It deserves specially to be noted what whereas for the total of 301 candidates who appeared at the 16 different University Examinations shown on page 47, the general percentage of passes was only 53·2 per cent., not less than 80·4 per cent. of the candidates sent up by the Oriental College for the same examinations proved successful.

The results of the year have also been favorable with regard to the success gained by individual students of the Oriental College in these examinations. The only successful candidate in the M. O. L. Examination (in Arabic) and in the Sanskrit M. A. Examination came from the Oriental College. In *six* examinations students from the Oriental College took the first place on the list of passed candidates. In the B. O. L. and the Entrance Examinations of the Oriental Faculty all candidates of the Oriental College succeeded in passing in the Second Division, and at the Intermediate Examination of the Oriental Faculty the student of the Oriental College who had stood highest in order of merit, was placed in the 1st Division.

The following list shows the Examinations in which Oriental College students stood first in order of merit :—

B. O. L. Examination.
Intermediate (O. F.) Examination.
Maulvi Fazil Examination.

In accordance with the success attending the above examinations not less than eleven Government and University Scholarships, one prize and three Gold Medals were secured by students of the Oriental College. The Medals are the Khalifa Muhammad Hasan Gold Medal awarded to the successful M. O. L. candidate, and the Raja Harbans Singh and McLeod Gold Medals gained by Lala Lakshman Das, B.A., Kashmir Sanskrit Reader, who passed the M. A. Examination in Sanskrit.

With reference to the results of the tution given by the Oriental College Staff to students of the Government College, it may be noted with satisfaction that, as shown on page 49 of the Report, 77·6 per cent of all Government College students, who had taken up Oriental Classical Languages for the Intermediate and B.A. Examinations of 1895, passed with success in these languages in which they had received instruction in the Oriental College. The results in Sanskrit were particularly favorable as all candidates prepared in that language for the above Arts Examinations succeeded in passing.

IX. The regular system of House Examinations, as maintained in previous years has been continued during the year under report, and the rules by which the award and tenure of stipends is made dependent on the results obtained in these house examinations, have been strictly adhered to.

Thanks to liberal donations offered by Messrs. P. C Chatterjee, K. P. Roy, Muhammad Barkat Ali Khan, Khan Bahadur Dr. Rahim Khan, and other Members of the Senate, it was possible to provide prize books and money rewards for those students of the First Year Classes who had distinguished themselves in the Annual College Examination held in April 1894 The distribution of these prizes took place on the 20th July 1894 in the presence of the College Committee and an invited company of guests under the presidency of Mr. Justice P. C. Chatterjee, who on this occasion delivered an address to the assembled students.

X. During the year under report the following changes in the teaching staff of the College have taken place :—

On the 1st May 1894, Pandit Sivadatta, formerly a teacher of the Sanskrit College, Jeypore, and the Editor of the "*Kavyamala*" who had been selected by the Oriental College Committee and Syndicate from among numerous applicants for the post of Head Pandit and Superintendent, Sanskrit Department, vacated by the death of the late Pandit Guru Prasad, t ok charge of his duties on probation for a period of three months. Having discharged the teaching and other duties attached to the post in an eminently satisfactory manner and having proved himself fully capable of directing the tuition given in the Sanskrit Department on modern philological lines, Pandit Sivadatta was confirmed subsequently by the Senate in his appointment in accordance with the recommendation of the Oriental College Committee.

On 24th April 1894, Chandhri Ali Gauhar, a former student of the Oriental College, who had distinguished himself by passing the M. A. Examination in Arabic from the Institution, was appointed to the McLeod Arabic Readership vacated by the resignation of Shaikh Rahim Bakhsh, M. A., and took charge of the teaching duties attached to the post from 1st May 1894.

Lala Jivan Mal who had officiated as Assistant English Teacher during the absence of Bhai Mul Singh on 6 months' leave, was on the latter's resignation confirmed in the appointment with effect from 30th June 1894.

Lala Chandar Bhan, M.A., whose term of appointment as Patiala Translator was completed on the 30th March 1894, was by a resolution of the Syndicate re-appointed for another year and has accordingly remained in charge of the Mathematical tuition of the Degree Classes of the College.

Pandit Durgadatta, Second Pandit, College Department, availed himself in April 1894 with the College Committee's sanction of 15 days' leave, temporary arrangments being made by the Principal for carrying on his work with the help of other teachers.

Pandit Hem Raj, Sanskrit Teacher of the Gurmukhi Classes, was granted special leave on private affairs for two and half months without pay, Pandit Dhani Ram officiating in his place under the College Committee's orders.

M. Muhammad Zarif, a former student of the Oriental College, who had stood highest in the Maulvi Fazil Examination of 1894, succeeded on 1st June of that year to the Bahawalpur Arabic Scholarship, and was in accordance with the arrangement followed in previous years, employed as a teacher of Arabic in the School Department.

XI. With reference to the scientfic activity shown by the teachers of the Institution, the College Committee takes occasion to note that the following works relative to Sanskrit and Arabic philology were published by Members of the College Staff during the year 1894-95 :—

By Dr. M. A. Stein, Principal,—**Catalogue of the Sanskrit Manuscripts in the Raghunatha Temple Library of His Highness the Maharaja of Jammu and Kashmir* Bombay, London and Leipzig, pp. lxvi and 423, 4to.

By Pandit Sivadatta, Head Pandit,—Critical Editions of **Sriharsha's Naishadhacarita* (Bombay, pp. 1043, Royal 8vo.) and **Palakapya's Hastyayurveda* "Anandasrama Series," Poona, pp. 717, 8vo; further in the "Kavyamala" Series Editions with commentaries of *Bhrata's Natyacastra*, the *Vaghhatalamkara*, the *Vasudevavijaya* and several smaller Sanskrit Kavyas and rhetorical texts.

By Maulvi Muhammad Abdulla, Head Maulvi,—An edition with textual and explanatory Notes of Maulvi *Hamdulla Sandeli's Sharh-i-Sullam*, Lahore, pp. 240, 8vo.

Among the above works those marked with an asterisk were presented to, and noticed in the Proceedings of, the Xth International Congress of Orientalists held at Geneva in September 1894.

XII. On the 31st July 1894 the Oriental College Committee was deprived by the death of Khan Bahadur Fakir Saiyid Jamal-ud-din of the services of its Secretary, who since 1888 had rendered with unfailing zeal and industry most valued services to the institution in the Committee's charge. The Committee after the close of the annual vacation recorded in a special resolution, subsequently endorsed by the Syndicate and Senate, the gratitude and esteem with which the deceased gentleman's work in connection with the Oriental College Committee will always be remembered by the members of the Committee and the College Staff.

At the request of the Committee Rai Bahadur Brij Lal Ghose kindly agreed to carry on temporarily the duties of the Secretary. On the reconstitution of the College Committee, which took place under the rules at the close of 1894, Babu Chandra Nath Mittra

was appointed Secretary to the Committee, the latter recording a special vote of thanks to Râi Bahadur Brij Lal Ghose for the help he had rendered by carrying on the work of the Secretary pending the re-appointment of the Committee.

II. A HIGHER MIDDLE CLASS: attended by students who had received instruction in English in the Oriental College since the beginning of the school year 1891-92.

V. SECOND PRIMARY CLASS: for students who had attended the First Primary Class in the previous school year.

I Primary Class	42
Total ...	94

Six students reading in the Oriental Titles Classes applied for and received dispensation from attendance at the hours of English instruction; among these 2 were blind.

The teaching of the High School Class and the two Middle Classes was entrusted during the year under report to Teacher L. Shugan Chand, holding an Anglo Vernacular Senior Teacher's Certificate of the Second Grade. L. Shugan Chand also superintended the tuition of the Primary Classes, which was conducted by the Assistant English Teacher Lala Jivan Mal, holding an Anglo-Vernacular Junior Certificate.

Six students who had attended the Higher Middle Class during 1894-95, appeared in April 1895 at the Special Examination in the English Language instituted under the Revised Regulations of 1892 for Oriental Language Examination candidates desirous of obtaining Diplomas of Oriental Titles.

Five of these candidates passed the prescribed test, and thus became entitled to the Diplomas corresponding to tbe Oriental Language Examinations which they had passed in 1895 or in the preceding year. The names of the successful students, together with the Diplomas earned by them on passing the Examination in English are as follows:—

Abdullah Shah	...	Maulvi	Diploma.
Muhammad Baqa	...	Do.	"

Three more students of the Higher Middle Class had been admitted as private candidates to the Anglo-Vernacular Middle School Examination of 1895 having privately prepared themselves in subjects other than English. Two of them succeeded in passing the Middle School Examination and were, therefore, promoted to the High School Class without having been required to present themselves for the Special Examination in English. Four other students of the Higher Middle Class could not appear at the Examination in English as they were reading for the Gurmukhi Examinations for which that Additional Test has not yet been instituted.

Oriental College Library.

The Library of the Oriental College has received during the year under report considerable additions, the cost of new purchases together with the charges for binding amounting to a total of Rs. 483-12-0. The acquisition consisted chiefly of modern editions of classical Sanskrit, Arabic and Persian texts, prepared on critical lines, and of philological and linguistic works bearing on the study of the literatures taught by the College. The object kept in view in the case of these acquisitions was, as in previous years, to provide the teachers of the Institution with the means of following the progress made by modern research in the field of Oriental studies, and to make accessible for the more advanced of the students those standard works of reference which would help them in gaining a thorough acquaintance with the methods and results of critical enquiry into the history of Eastern literature and culture.

Among the acquisitions of the year, the following may be specially noted: Cowell's Annotated Translation of the *Yatakas*; V. N Mandlik's great Edition of the *Padmapurana;* Sayce's "Introduction into the Science of Language"; Max Müller's "India, what can it teach us"; Barth's The "Religions of India." Editions by Pandit Durga Prasad and Head-Pandit Sivadatta of the *Haravijaya, Kavyapradipa, Dhanvyaloka* and other important Sanskrit texts, published in the *Kavyamala* Series; Salmone's Arabic-English Dictionary; Arbuthnot's "Arabic Authors"; *De Goeje's Bibliotheca Geograpkorum Arabicorum, etc.*

The following periodicals devoted to Oriental philological and antiquarian research were received by the Library: The "*Indian Antiquary*," the "*Vienna Oriental Journal*" and the "*Epigraphia Indica*."

The liberality of the Asiatic Society of Bengal provided the Library with the latest issues of texts in the *Bibliotheca Indica*, and through donations on the part of the Governments of Bengal, Bombay and the North-Western Provinces as well as of the States of Jummoo and Alwar, the Library's collection of publications on the search for Sanskrit MSS. was enlarged by valuable additions.

The total number of works added to the Library during the year under report was 86, in 108 volumes. Among these 29 works were received as presents from the Asiatic Society of Bengal, the Director of Public Instruction, Panjab, the Governments and States named above, and other donors.

Two hundred and seventy-seven works were during the year in the hands of teachers and students for home use, in addition to those kept for ready reference in the Library-room and Classes.

House Examinations.

During the year 1894-95, 18 House Examinations by means of written papers have been held for each class of the Oriental College and School under the superintendence of the Principal. These House Examinations embraced all subjects taken up by the students reading in the Degree and High School Classes. For the Oriental Titles Classes 16 House Examinations were held in the different branches of the Oriental Languages and Literatures taught. Two House Examinations were held in English.

An Annual Examination comprising eight written papers was held at the close of the school year 1894-95 for the I Year Classes of the College and School. The promotions to the II Year Classes took place in accordance with the results shown by the students at this Annual Examination.

Dr. M. A. Stein, *Registrar.*

His Honor the Chancellor of the University arrived at 12 noon and was received at the south entrance of the Government College Hall by the Vice-Chancellor and Fellows of the University and conducted to the raised platform in the Hall, the Vice-Chancellor occupying the seat on the left hand. The Fellows were seated on the right and left of the Chancellor. The Vice-Chancellor having asked His Honor to declare the Convocation open, His Honor did so.

After the declaration, the Vice-Chancellor read the Resolution of the Senate passed unanimously at the meeting held on the 3rd January 1896,—

"That the Honorable Sir William Henry Rattigan, K.T., LL.D., Barrister-at-Law, late Vice-Chancellor of the University of the Panjab, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws, and that under the provisions of Section 16 of the Panjab University Act, 1882, the said Degree be conferred upon him *honoris causa.*"

The Chancellor then conferred the Degree of Doctor of Laws upon the Honorable Sir William Henry Rattigan, K.T., in the following words :—

MR. VICE-CHANCELLOR AND GENTLEMEN,—Before proceeding to confer this degree, I desire, with your permission, to say a few words regarding the career of the distinguished gentleman upon whom it is to be conferred. I am the more anxious to do this, because I believe there is no one who is more worthy to be held up as a model for imitation to young men like many of these here present, who are just standing on the threshold of their practical working life, than Sir William Rattigan is. Sir William Rattigan is eminently an instance of a man who has attained great success in life without any aid from others, and simply by his natural ability, his intense application to work, his courage and self-reliance and his enterprising spirit and determination to succeed. I first myself became acquainted with Sir William Rattigan at Delhi, I think in the year 1863, when we were Assistants there together. Sir William Rattigan had at that time been appointed an Extra Assistant Commissioner. He was then well known as a man who performed his official work in the most thorough manner in which it could be performed. But he did not confine himself to that. He was even then engaged in his leisure time and privately in those studies of law and European and Oriental languages which have contributed so much to his success in life. I have no doubt that if Sir William Rattigan had continued in the Government service, he would have made a good name for himself, but the prospects of an uncovenanted officer, without any powerful friends to assist him, were not very encouraging. And accordingly when the Chief Court was established in the year 1866, Sir William Rattigan feeling his own strength, determined to resign the public service and join the bar at Lahore as a pleader. He gave up in this way the certainties of an appointment in the public service, and took the risks of joining an open profession, which was a somewhat adventurous thing, especially for a man with a family, as Sir William Rattigan then was, to do. But that Sir William Rattigan did this, is a striking illustration of the courage and self-reliance which has characterised him through life. At Lahore Sir William Rattigan at once got into practice, and by the year 1871 his practice was an extensive and remunerative one. But still he was only a pleader, and in those days the distinction between a pleader and a barrister was much greater in the moffussil and places outside the presidency towns than it is now. It was natural, therefore, that Sir William Rattigan should aspire to be enrolled in the higher branch of the profession. But it was a considerable risk for a man like him to leave his well established practice at Lahore for two or three years, as he would have to do to go to England to get called to the bar. He might, when he came back, find that his place was occupied by others, and that his clients knew him no more. Nevertheless, and here again we have another instance of Sir William Rattigan's courage and self-reliance, he determined to go to England. He went to England, got called to the bar, passing the examination with high honours, and returned to Lahore a barrister. On arrival here he found that his clients still remembered him, and his practice became larger than it had been before. In the years 1876 and 1877, when I served here in the Chief Court, Sir William Rattigan was the acknowledged leader of the bar. I saw a great deal of him, as he was always on one side or the other in every important case, and I can say, with confidence, that I never had an advocate before me who, without deviating in the smallest degree from the straight and honourable method of doing business, exerted himself, heart and soul, for his clients to the same extent that Sir William Rattigan always did. And I may mention for the benefit of any of the young men here present who are looking forward to a career at the bar, that what Sir William Rattigan was most distinguished for, was not for the way in which he got up the law of his case, although in that, of course, he was always perfect, but for this, that he always had all the facts of the case and all the evidence down to the minutest details at his fingers' ends. It was this, I think, which chiefly ensured him the confidence of the public and the respectful attention of the Judge. But it was not only by his success as a practising barrister that Sir William Rattigan distinguished himself among legal men. It is a common idea in England, and in this country also, that anything like a broad and systematic study of the law is only for those who are free from the trammels of practice. In fact, I remember not very long ago one of the most distinguished lawyers in England humorously described the jurist as a confounded fellow without briefs, and, as a matter of fact the study of law by practising advocates is generally confined to getting up from day to day from practical text books and reports such fragments of law as may be needed to enable them to conduct the case that may be entrusted to them. But Sir William Rattigan was never contented with this. He undertook in his leisure time the study of law in a broad and systematic way. He has written many books which are justly esteemed, and on referring to them it will be seen that the branches of law he most attended to, were the Customary Law of India and the Roman or Civil Law as studied in Germany, where the greatest teachers of law that the world has ever seen are to be found. To such an extent did Sir William Rattigan push his study of the Roman or Civil Law, that he was able, when at Home last, to accomplish a feat which, I think, may be called a wonderful and rare one for an Englishman to accomplish. He went to a German University, presented himself for examination as Doctor of Laws, and although the examination was conducted in the German language, he not only passed, but passed with high honours (applause). It was natural, gentlemen, that the Government should be anxious to secure the services of a man of this stamp, and as a matter of fact, Sir William Rattigan always had the offer of acting for Sir Meredyth Plowden as Judge of the Chief Court, whenever Sir Meredyth Plowden went on leave. But Sir William Rattigan found, after a little, that with the responsibilities of a family upon him he could not afford to forego the large income that he was then drawing from his practice at the bar, and he accordingly ultimately decided to renounce all hope of being a Judge of the Chief Court, and restricted himself to his profession. The Government thus lost his services as a Judge. But the Government of India subsequently took the opportunity that presented itself by a vacancy in the Governor-General's Council to avail themselves of his services in another way, and he did excellent work as a member of the Governor-General's

Council representing the Panjab. Gentlemen, I have dwelt at this length on Sir William Rattigan's legal work because it has been the main work of his life, and because it is the work by which he will be best known outside these walls. But I think that within these walls the work of his, that will be remembered best, is the work that he has done for education in the Panjab. In the year 1887 Sir William Rattigan was appointed Vice-Chancellor of this University. There was then a great deal that needed doing in the University, indeed there was much that sadly needed doing, and Sir William Rattigan applied himself to discharge the duties of his office with that energy which he had brought to bear on every thing that he had ever undertaken. How he found time to discharge the duties of Vice-Chancellor here as he did, I am quite unable to understand, but that he did find time to discharge them, and that he did so in a most able and efficient manner is so well known to all present that it is unnecessary for me to dwell upon it. Sir William Rattigan had the advantage, no doubt, to have associated with him on the governing body of this University several able and distinguished men. He was in fact only one of several working here, but I think his colleagues will all admit that to him, far more than to any other individual among them, is due the credit of having brought this University to the pitch of efficiency it has attained and to the high position it now occupies (applause). Sir William Rattigan, in fact, became so indispensable to this University as Vice-Chancellor, that he was no less than three times re-appointed. Gentlemen, I have detained you so long that I will forbear to do more than merely allude to the other services which Sir William Rattigan has rendered to education, in particular the service he rendered to education among the Sikhs by aiding in the organisation of the Aitchison College and by composing the differences that had arisen between the promoters of that institution and which at one time very nearly wrecked the proposal altogether. Gentlemen, it is not to wonder at that services such as these, to which I have referred should have met with public recognition. It was very natural that Her Majesty the Queen should last year have so far recognised these services as to confer upon Sir William Rattigan the dignity of Knighthood. It is still more natural that this University, which owes so much to Sir William Rattigan, should have resolved to confer upon him a degree of the highest rank which it is empowered to bestow. Speaking for myself, I heartily rejoice that the University has determined to confer that honour upon him, and I feel quite sure that their resolution to confer it will meet with the warm and unanimous approbation of people of all classes both inside and outside of these walls (applause.) In accordance with the resolution of the Senate just read, and by virtue of the authority vested in me as Chancellor of this University, I admit the Honorable Sir William Henry Rattigan, Kt., to the degree of Doctor of Laws, and, in token thereof I command this Diploma to be given to him, and I authorise him to wear the robes ordained as the insignia of this Degree.

The Registrar then reported to the Chancellor the names of the persons who, having successfully passed the Examinations prescribed by the several Regulations since the last Convocation of the University, had been recommended by the Senate for Degrees under Section 14 of the Panjab University Act. When these presentations had been made the Vice-Chancellor addressed the Convocation in the following words :—

MR. CHANCELLOR AND GENTLEMEN,—In following what may be regarded as the established custom of bringing our proceedings to a close by the delivery of an address, I shall say nothing about the benefits of education. I propose only to touch on some of its difficulties and dangers, and to address a few words of advice or warning to those who have to face them.

The difficulties and dangers may perhaps best be set forth in the form of a general charge which has not unfrequently been against the Indian Universities and the system of education connected with them, and which may be stated thus :—

Firstly, that the course of study pursued is exotic, foreign to the whole national character ; that it is superficial as well as artificial ; that the examinations in which it ends are no test of real knowledge, and are crammed for merely as a means of obtaining Government appointments.

Secondly, that the youth of the county are led by false hopes of success and by a too lavish distribution of scholarships to leave their own proper walks of life in order to engage in a struggle in which but very few can possibly be successful.

Thirdly, that the result either of success or of failure is almost equally disastrous ; those who succeed are so puffed up with vanity that they are spoilt for all practical work, and those who fail are so crushed that they are incapable of further effort, or so soured that they become mischievious and dangerous members of society. This charge is a very serious one, and it is not to be disposed of by invective on the one side or declamation on the other. Whether it is true or untrue, in whole or in part, can only be ascertained by a careful examination of the facts relating to each branch of it.

Let us first consider the part which condemns the whole system of education. I am not, of course, in a position to speak for the other Indian Universities, and they are perfectly capable of speaking for themselves. I confine my remarks solely to the Panjab University. I am old enough to remember, not only its foundation, but also the movement which gave birth to it, and the causes of this movement. One of these undoubtedly was a feeling of dissatisfaction with the educational system which then existed in other parts of India. It was felt, rightly or wrongly, that this system was, at least to a considerable extent, open to the objection stated in the first part of the charge, and the main object of the Chiefs and gentlemen of the Panjab who so generously supplied the funds necessary for the foundation of the University was to remove this evil. They hoped to do so by reviving and extending what is best in Oriental learning and by providing a sound system of higher education for those of the youths of the Panjab who were naturally fitted to receive it.

The objects of the Panjab University are fully set forth in its statute of incorporation, and are declared to be (1) the affording encouragement to the enlightened study of the Eastern classical languages ; (2) improving and extending vernacular literature generally ; (3) the diffusion of European science, where possible, through the medium of the vernacular, but where this is not really possible, through English ; (4) promoting the study of the English language and literature. To carry out these objects the University maintained—(1) an Oriental College ; (2) a Law School (and the maintenance of both is made obligatory by its statutes) ; (3) a School of Medicine ; (4) an Arts School.

It certainly cannot be said. as regards the first three, that the course of study is exotic or artificial or superficial. The Arts School, which is intended to meet the remaining object set forth in the Act, *viz.*, the encouragement to the study of the English language and literature may at first sight seem open to the charge That a Panjabi student should devote his time and energies to the study and criticism of Shakespeare's plays or to writing English Essays in a style intended to be a copy of English models, may seem to some persons highly ridiculous. No doubt it seems to them equally ridiculous that the greater part of the time and energies of an English student should be devoted to the study of the Greek tragedians and to Latin and Greek composition. But those who would thus deride these forms of study wholly fail to understand the real purpose of an Arts course. This purpose is not to make a young Panjabi fancy himself an Englishman, or a young Englishman fancy himself a Greek or Roman. It is not to cram their heads with "useful knowledge." The true object of the Arts course, or of what is called a liberal or classical education, is to train and expand the mind.

For training the mind, the study of a foreign language, and especially by composition in it, is an admirable method. It makes a student realise, and expend considerable mental effort in realising the true meaning of every sentence and every word which he reads or writes. When the language studied has a noble literature, the study of the master-pieces of this literature opens the mind in a manner that few other studies can do. The subjects of the course may be selected with more or less wisdom, the student may study them in a right way or a wrong way, but the object of the course itself to form the habit of accurate thinking or of wide thinking—is not open to objection. I think, therefore, that the Panjab University is entitled to an honourable acquittal on the first part of the charge.

The second part, that, whatever may be the merits or demerits of the system itself, it leads boys and young men, who had far better be employed on their fathers' fields or shops, to seek to enter one of the learned professions, or to obtain Government employment is a matter which it is more difficult to deal with ; but, even if the charge were partially true, it is one for which the University is in no way responsible. The responsibility must rest on the student himself, on his advisers and his parents or guardians. It may no doubt be an excellent thing that it should be possible for any boy of real ability, however humble his position in professional or official life. On the other hand, it is a very bad thing that boys of any position should be led by a false estimate of their own powers, or by false hopes, to waste their time and money and energies in the pursuit of what is beyond their reach.

It is the duty of everyone who has any influence over a boy's future, to weigh very carefully the chances of success in any career that he may think of selecting for him or advising him to follow ; the cost of every kind, of the necessary preparation must be thoroughly realised, and it should be fully considerd whether the time and money cannot be more profitably devoted to some other object. Schoolmasters and others engaged in education are not always safe advisers on these matters. They are apt to over-rate the powers of their pupils, just as a man may over-rate the powers of a young horse and endeavour to make him a race horse instead of leaving him to the more *useful* and more *suitable* employment of dragging a cart. They are still more apt to over-rate the importance of success in examinations—and they are also influenced by a desire to credit this success to themselves.

There is, I fear, a very great tendency to measure a schooolmaster's merits by the sole test of successful pupils—but in my opinion the master who can point to a large number of pupils who, without achieving any brilliant academic success have returned to their ordinary life the wiser and better for his teaching, has done far more real good in the world than the master who can only show a high number of prizes and passes. But, whoever makes the selection of a career must be thoroughly prepared to face the consequences of failure.

Whether in the case of students, past or present, of the Panjab University the selection of a career has been wise is a question that cannot be answered without an inquiry into the personal circumtstances of each of them with a minuteness which is hardly possible. There must, even after the most careful selection, always be many failures and disappointments. There will always be a danger of too many men seeking to live by their brains instead of by their hands. All that can be done is to warn men against the danger, and to urge them strongly not to lose the substance in the pursuit of a shadow.

The third part of the general charge relates to the effect of the examinations both on successful and on unsuccessful students. It is said that those who succeed in these examinations are so puffed up by their success as to be spoilt for all practical purposes. Now, no doubt success in an examination is liable all the world over to turn a boy's or a young man's head. When a boy gets his first scholarship at school his own family and friends think him remarkably clever. When he does the same at an University, or comes out well in the list of successful candidates at a competitive examination, they think him a genius. It is not suprising if the successful competitor at first shares their opinion. He may continue in the same opinion all his life. If he does, his usefulness will certainly be greatly impaired, if not wholly destroyed. He will be regarded as an unpleasant or offensive acquaintance, and he will probably suffer considerably from the attempts of others to make him form a more correct estimate of his own merits. This estimate, a successful competitor, if he has good common sense, will have no difficulty in forming for himself. If, for instance, he has successfully competed at the examination for the Indian Civil Service, he may justly regard this as a very creditable performance. But he knows well that even in his own single year some 40 other young men have achieved a similar success, and those who might have achieved it if they had tried might almost be counted by hundreds. On his arrival in India he finds, what he hardly realised in England, that for the last 30 or 40 years batches of from 30 to 80 young men as successful as himself have been annually imported into the country. He soon learns that the utmost that can be said even of the highest distinction in examination is, that it raises a presumption that the man who achieved it will do well hereafter. Whether he will do so or not will depend entirely, subject to all the accidents of fortune, on the manner in which he does his practical work.

I think, from my own personal experience of the successful students of the Panjab University, that they may be compared not unfavourably with other similar classes. I do not think that they are more prone to be unduly puffed up by success, or less ready to get rid of any feeling of vanity with which this succees may have inspired them.

As regards the failures, the last charge is that they turn to political agitation and seditious writing and become positively mischievous members of society. Now, in what is called political life there is, as in almost everything else, a great mixture of good and evil. There can be hardly anything nobler than its highest form, or viler than its lowest. To devote one's life to ascertaining the true needs of one's fellow-countrymen, to preparing thoroughly sound and well-considered measures for meeting these needs, to patiently investigate alleged abuses—and even under the most perfect system of Government there must be abuses due either to mistake or to malice—to bring these abuses to light by temporate but firm representation, and secure their remedy, or, if need be, the punishment of the offenders, is as noble a task as any human being can undertake. On the other hand, to falsely pretend to work for your fellowmen, to appeal to their higher feelings merely for the sake of making them your puppets, to invent wrongs and grievances, and attribute to a particular class evils which are the inevitable result of the natural conditions of human life, to set man against man, class against class, and race against race, to really care nothing for abuses, to be willing to conceal or even defend the worst abuse in return for a bribe, to be ready to make or threaten the foulest charge as the means of extorting a bribe, to do all this for the purpose of directly, or indirectly, filling your own pockets, is as vile and degarding a career as can well be imagined.

It is not amongst the youth of the Panjab, whose fathers, when they had an enemy, met him like men face to face in the open, and when they had a friend, stood by him loyally to the death, that recruits for such a career are likely to be found. I should require clear proof before I believed such a charge against any individual student, and I should require it to be proved against many individuals before I believed it against students as a class You must not suppose that my remarks on the worst form of political life are intended to apply solely—or even specially—to India. They apply to some politicians and are true all the world over—but I am happy to believe that the class to whom they apply is a limited one. The greater part of those who take part in political life do so from neither very exalted, nor from very base, motives. To take an intelligent interest in what is going on around you, is desirable for all. To do more than this to attempt to take a leading part in political life, to contribute anything of real value to the discussion of important questions is a task generally beyond the powers even of the ablest of young men. It requires mature judgment and wide experience.

If you are ever to accomplish it you must apply to the study of politics precisely those methods which your education has taught you to apply to other studies. You must first completely master your facts, and then reason intelligently from them. When any proposal is under consideration, your first step must be to thoroughly understand it; your next to fully consider its probable consequences; and your third to form your opinion as to whether they are desirable or undesirable. Treat politics in this way, and your connection with them, either as an amateur or as a professional journalist will not only be no reproach to your education, it will probably result in actual good. Treat them in any other way, and you will be nothing more than a windbag, and probably a mischievous one. If you are, it will not be your education which has made you so, but your own natural defects which your education has faild to cure.

I have now discussed as fully as time permits, the charge made against the University course of education and the students who follow it. My opinion of it is, that as regards the course itself the charge is unfounded, and as regards the students it is certainly unproved, but the dangers which form the basis of the charge are dangers which must necessarily always be recurring, and must be constantly and carefully guarded against.

I will conclude this address with a few words of advice to those students whose educational course has ended or may hereafter end in disappointment. I have a warm sympathy for you, and indeed for all the students of the University. I have served in the Panjab for more than thirty years, the fathers or grandfathers of many of you have been my warm personal friends, and anything I could do to help you I would do gladly. I can only now help you with advice, and my advice is this. Face your difficulties like men. Remember clearly that you entered on your educational course with your eyes open, and deliberately undertook the risk of failure. Now that failure has come, it is unfair and useless to attempt to throw the responsibilty on any one else. But if it would be a relief to your feelings to do this, do it by all means. Curse the Government for inventing an educational competition. Curse the teachers who advised you to go in for it. Curse the pious founder who gave you a scholarship, or the guardian who supplied funds to enable you to follow your course. If you heap on their heads every opprobrious epithet, English or Vernacular, that your vocabulary may contain, you should still be able to finish the cursing process in half an hour. Finish it in whatever time you like, but finish it once for all, and then take the first honest employment that may be open to you. If there is no such employment to be found, go back to your shop or your fields, and start again where you left off when you commenced your educational course.

You may feel that you have wasted the best years of your life in a vain pursuit. Waste no more. Whatever your work may be, do it heartily, and apply to it those principles of thoroughness and intelligent observation which it has been the object of your education to teach you. Do this cheerfully, and you will soon find that the time spent on your education has not been in vain (applause).

At the conclusion of the Vice-Chancellor's address, His Honor the Chancellor declared the Convocation closed in the following words :—

I have only risen to say, before declaring this Convocation closed, how great a relief it is to my mind, and how great a pleasure to me to see Mr. Justice Roe in the Vice-Chancellor's chair to-day (cheers). When the Vice-Chancellorship recently fell vacant, my thoughts naturally turned to Mr. Justice Roe as a man who, in addition to all other qualifications for the post, possesses the great qualification of an independent position in this Province. But when I reflected upon the severe work that a Judge of the Chief Court, and particularly a Chief Judge, has to perform, I really hesitated about asking him, and when on broaching the subject to him he felt reluctant to accept the post on the ground of an apprehension that he might not be able to do justice to the duties of it, I felt very great hesitation in pressing him to its acceptance. But I am glad to say that I took courage to press my point, and that, at last, Mr. Justice Roe's public spirit and high sense of duty led him to yield. And now that he has accepted the post, I feel the utmost confidence that under his presidency the governing body of this University will continue to discharge its high and important duties with that truthfulness and efficiency for which it has of late years been distinguished. Gentlemen, having said this much, I declare this Convocation closed.

His Honor was then conducted by the Vice-Chancellor and Fellows to the south door of the Hall and took his departure.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

TO CONTRACTORS.

I.—Sealed tenders will be received by the Warrant Officer in charge Ordnance Depôt, Dera Ismail Khan, up to 26th February 1 96, for the supply of petty and other stores (more or less) to the Ordnance Ammunition Depôt from 1st April 1896 up to the 31st March 1897. The term "more" includes the supply of stores if required up to 25 per cent. in excess of the original tender.

II.—Printed forms of "Lists of Schedules" of the stores (more or less) for the supply of which tenders are invited and the form of contract deed which, in the event of a tender being accepted, must be signed and sealed by the contractors, are obtainable at this office daily (Sundays and holidays excepted).

III.—Tenders will only be received on these printed forms, which are procurable on application at this office.

IV.—These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered, and should be accompanied by a statement that the tenderers have inspected the authorised patterns of each article they tender for.

V.—Tenders should be accompanied by a deposit of Rs. 20 (twenty) in Treasury Receipt or in Government Promissory Note as earnest-money at the rate of 5 per cent. on the stores tendered, which deposit will be returned on execution of the contract deed or rejection of the tenders.

VI.—Tenders not complying with conditions will be rejected.

VII.—The lowest tender will not of necessity be accepted, and no reason will be given for rejecting any tender.

VIII.—The approval or rejection of tenders rests with the Inspector General of Ordnance, who reserves to himself the right of rejecting any tender without explanation, or any items in a tender, the rates of which are not approved.

IX.—Tenders will be opened at this office at 12 noon on Thursday, the 27th February 1896. Parties tendering are invited to attend.

X.—In the event of the party whose tender is accepted failing to take it up, his earnest-money will be forfeited.

XI.—On failure of the contract, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government at his own discretion.

XII.—Parties tendering are particularly requested to give their address in full.

SURVEY OF INDIA DEPARTMENT.

Surveyor-General's Office, Calcutta, 10th February 1896.

No. 499 *S.—Notification*—The following rules and regulations relating (1) to the execution of Lithographic and Photographic work and (2) to the mathematical Instrument Office are published for the information and guidance of public officers.

CHAS. STRAHAN, COLONEL, R. E.,
Surveyor-General of India.

Rules for the execution of Lithographic or Photographic work on the Public Service, or on payment.

Requisitions for Lithographic or Photographic Work.

1. The Photographic and Lithographic Office at Calcutta reproduces maps, plans, and drawings by lithography and by photography on book-debit on the public service, and for cash payment in all cases when the amount does not exceed Rs. 50, also in certain special cases noted in Section 7. The Trigonometrical Branch Office at Dehra Dún does not, as a rule, undertake work for other Departments.

2. As a rule, drawings in line can be reproduced by photozincography, if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor-General, Photographic and Lithographic Office, No. 14, Wood Street, Calcutta. Coloured and other drawings, unsuitable for photozincography, must be lithographed, but the cost is considerably greater.

3. Photographs, if required in large numbers, can be cheaply reproduced by the heliogravure process from suitable negatives.

4. All applications for Lithographic or Photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor-General, Surveyor-General's Office, or as in Rule 2:—

Indent No. on the PHOTOGRAPHIC AND LITHOGRAPHIC OFFICE, S. I. DEPT., for ______________ to be reproduced by __________ for the use of ______________________ Dated __________ 189 .

Description of Map or drawing.	Number of original sheets.	Scale.	Scale of reproduction.	No. of copies required.	Quality and size of paper to be printed on.	Purpose for which required.	How and where proofs and copies are to be despatched and other special instructions.
							The address, which should be affixed to the parcels or cases, to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the maps, etc., specified in this indent are indispensably necessary to the best of my knowledge and belief after the most careful examination.

Recommended.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

5. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent, and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

6. All indents on the public service must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving before they can be supplied, *viz.*—

Survey of India Dept., Topographical Branch, by Deputy Surveyor-General }
Do. do. Revenue do., " Do. do. } or by Surveyor-General,
Do. do. Trigonometrical do, " Superintendent, Trigonometrical Surveys, }

Settlement Department,	" Boards of Revenue,
Public Works Department,	" Superintending Engineers or higher authorities,
Military Works Department,	" Do. do. do.
Telegraph Department,	" Director-General of Telegraphs,
Marine Department,	" Director or Deputy Director, Royal Indian Marine,
Army Departments,	" Quartermaster-General in India (Intelligence Branch), Adjutant-General in India; Lieutenant-Generals Commanding the Forces in the Punjab, Bengal, Bombay and Madras,
All other Civil Officers or Military Officers in Civil employ,	" Secretary to Governments under which serving, or Secretary to Board of Revenue,
Forest Department,	" Provincial Conservators* and Director of the Forest School at Dehra Dún,
Meteorological Department,	" Meteorological Reporter to Government of India,
Geological Survey	" Director of the Geological Survey of India,
Horse Breeding Department	" Inspector-General, Civil Veterinary Department,

and they should be addressed to the Assistant Surveyor-General, in charge of the Photographic and Lithographic Office, Calcutta, at No. 14, Wood Street.

* *Note.*—Includes (1) the Principal Forest Officers in Coorg, the Andamans and Baluchistán, (2) the Commissioner of Ajmere-Merwara in Ajmere.

7. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees of the Indian Museum and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken, except in very special cases, when it cannot possibly be done otherwise, and when the office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases, where cash payment is required, an estimate will be given, and the amount must be remitted before the work can be put in hand.

8. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be done, and will be charged for on book-debit or for cash payment, as prescribed under Rule 1. Packing charges will be dealt with in the same way, but transit charges, both ways, must be paid by indenting officers.

9. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Photographic and Lithographic Office is given in the annexed list.

10. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

Requisitions for Maps required to be specially prepared.

11. In cases where maps are required on service for special purposes, as for illustrating reports, for which none of the published maps are suitable, application should be made by letter, giving full information, addressed to the Assistant Surveyor-General in charge of the Drawing Office, 13, Wood Street, Calcutta.

* *Note.*—Includes the Principal Forest Officers in Coorg, the Andamans, and in Baluchistán, and the Commissioner of Ajmere-Merwara in Ajmere.

4. The mode of transit, and address, or station to which the instruments are to be consigned, must invariably be specified on indents in the proper column. Indents should not be accompanied with forwarding letters, unless more explanation is necessary than can be given on the face of the indent.

5. All officers, to whom instruments and other stores are issued on public service, have to account for them to the officer to whom their accounts are rendered, in such manner as may be by him directed.

6. All instruments, and component parts of instruments, when no longer required, should be at once returned to the Mathematical Instrument Office, *except when the Officer in charge considers that their transit charges may nearly equal, or exceed, their actual value as material,* in which case he should refer to the Officer in charge Mathematical Instrument Office for instructions as to their disposal. No unused instruments should be allowed to accumulate in any office, as, if returned, they can be utilized for re-issue.

7. When instruments are considered unserviceable by any officer, a survey should be held on them by a committee of Government officers, whose reports should be forwarded to the Assistant Surveyor-General in charge of Mathematical Instrument Office, who will issue instructions as to which of the articles are to be forwarded to the depôt, Calcutta, and which should be sold by public auction to the best advantage. The proceeds of all articles sold by auction must be deposited in the nearest treasury, and treasury receipt, with auction account sale, and copy of the committee report, should be attached to the next cash account current, in which the transaction should appear both on the debit and credit sides.

8. When instruments are received for final deposit in store, a valuation receipt will be granted for them by the Officer in charge Mathematical Instrument Office, to enable officers, from whom received, to remove them from their debit, by forwarding the receipt to the Comptroller of India Treasuries or other audit officer with the half-yearly or other returns of stores submitted to him.

9. All Government instruments, etc., requiring repair, etc., should be forwarded with an official letter.

10. All instruments, etc., received from England and issued on book-debit in the public service, will be charged at their invoice cost, *plus* a percentage to cover freight, insurance, loss by exchange, etc.

11. Instruments made in the workshops, and those purchased locally for issue on book-debit, will be charged at cost rates. Instruments purchased locally for officers not entitled to receive them on book-debit will be charged at cost price, *plus* 5 to 10 per cent. for examining, testing, and incidental charges.

12. Instruments, when they can be spared, are sometimes sold to officers in the service of Government on payment of their value, *plus* from 5 to 10 per cent., and instruments, the private property of officers, are repaired, if necessary, on like terms. In such cases the amount must be remitted to the Officer in charge Mathematical Instrument Office before the instruments can be despatched.

13. Instruments returned into store will be valued according to their condition on arrival at the Mathematical Instrument Office.

14. It should be distinctly stated in the forwarding letters, or on the face of delivery vouchers, advising despatch of consignments to the Mathematical Instrument Office, whether the articles forwarded are "for repair" or "for deposit."

15. All consignments for the Mathematical Instrument Office should be forwarded "*prepaid*," and that office does not pay the freight of instrument despatched.

16. In the event of instruments, indented for by Government officers, not being available from the Mathematical Instrument Office stock, they can, if urgently required, be usually purchased in the local market.

17. Instruments are issued and repaired on book-debit for officers and departments entitled thereto when the amount of the charge exceeds Rs. 50; when the charge is less than Rs. 50, cash payment will be required; this payment should be made either by Remittance Transfer Receipts, Money Orders, Cheques, payable in Calcutta to the Officer in charge Mathematical Instrument Office, or cash, but in no case should money be paid into the Local Treasuries, and their receipts forwarded in payment of the bill.

18. In the case of book-debit transactions, invoices are sent out in triplicate; one copy is to be signed and returned as a voucher for the charge, and the remaining two retained by the indenting officer to be used by him in accordance with paragraph 96, Chap. VI, Vol. I, Civil Account Code.

19. When cash payment is required, the Mathematical Instrument Office sends one invoice and bills in duplicate. The invoice should be signed by the indenting officer and returned to the Mathematical Instrument Office, and the bills should be paid as explained above, when a receipt in proper form will be issued by the Officer in charge Mathematical Instrument Office.

20. It is particularly requested that the size and description of instruments, length of scales, how divided, and purposes for which required, and generally any information which will guide this Office in knowing, without further reference, the exact wants of the indenting officer, be entered, as far as possible, on the face of the indent, instead of in covering letters.

21. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of instrument is also given in the annexed list. Indenting officers must invariably enter the value of all instruments required by them in the column of the indent allotted for that purpose, the lower prices being for instruments which, although perfectly serviceable, are not new (see paragraph 1).

22. The supply should be regulated, not according what an officer would like to have, but by what is absolutely necessary.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	South by	East by	West by

VI	Rakh Bhagiána	4,903	Mauza Bhagiána.	Rakh Jalleki and Mauza Bhoa.	Mauza Kamans	Mauza Sarankí and Ghumanki.
	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Notice.

WHEREAS the sanction of the Local Government has been received for the sale by auction, or other disposal of the Government waste land, described in the particulars hereunto annexed and marked Schedule I, notice is hereby given that a plan of the said waste land is open to inspection, free of charge, at the office of the Deputy Commissioner at Lahore, and that the said land will be put up to sale by public auction at the said office on the 20th day of March next at 11 o'clock in the forenoon and will be sold upon the conditions hereunto annexed and marked Schedule II, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority or in consequence of claims or objections, made under Act XXIII of 1863, or for any other reason.

Issued this 6th day of December 1895 at Lahore by the undersigned.

A. MEREDITH,

Deputy Commissioner.

SCHEDULE I.

Particulars of the lots to be sold.

1. The land to be sold is Government waste land, situate in Tahsíl Chúnián in the district of Lahore.

2. It comprises an area of 15,504 acres more or less, and is bounded as follows :—

No.	Name of Rakh.	Area in Acres.	Bounded on the North by	Bounded on the South by	Bounded on the East by	Bounded on the West by

	Total ...	15,504				

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved] ;

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

Provided that the following lands shall be excepted from the sale, namely, the lands in Rakh Aulakh already leased to Wazir Shah, Subadár Ganda Singh, Resaldár Khushal Singh and Jamadár Kesar Singh, and the following lots Nos. 1 to 7 situated in the part of Rakh Dhala bounded on the north by Rakh Chhina Urla and on the south by Rakh Shah Inayat.

This land will be sold in lots numbered as shown in the plans in the office of the Deputy Commissioner of Lahore, signed by the Deputy Commissioner, and dated 6th December 1895.

A branch of the Bári Doáb Canal has been extended to the abovementioned lands and a plan signed by the Executive Engineer is deposited and open to inspection free of charge in the office of the Deputy Commissioner showing the extent to which the said lands are believed to be irrigable from the said branch by flow or lift, as the case may be. It is probable that the supply of water in the canal will be sufficient to irrigate 40 per cent. of the total irrigable area of each lot every year in the proportion of 15 per cent. in the Kharif and of 25 per cent. in the Rabi harvest, but the Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plan, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

3. The trees and underwood and all other products whatever of the above lands will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land.

SCHEDULE II.

Conditions of sale.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government. its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided th t one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto. or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

FINANCIAL COMMISSIONERS' OFFICE.

CIRCULAR No. 1.

FINANCIAL COMMISSIONERS' OFFICE,

Dated Lahore, the 13*th March* 1896.

To

ALL REVENUE OFFICERS IN THE PUNJAB.

Treatment of absentees in mutation proceedings under Section 34 of the Land Revenue Act.

THE annexed correspondence relating to the treatment of the rights of absentees in mutation proceedings under Section 34 of the Land Revenue Act is circulated for the information and guidance of all Revenue Officers.

By order,

M. W. FENTON,

Senior Secretary to the Financial Commissioners, Punjab.

(*Translated.*)

No. 166, dated 9th January 1896.

From—M. W. FENTON, Esquire, C.S., Senior Secretary to the Financial Commissioners, Punjab,
To—E. P. HENDERSON, Esquire, Government Advocate, Punjab.

C. M. RIVAZ, Esquire, C.S.I.

I AM directed by the Financial Commissioner to request the favour of your opinion on the question of the treatment of the rights of absentee right-holders in proceedings under Section 34 of the Punjab Land Revenue Act, 1887.

2. The question arose in the course of the revision of the Record of Rights of the Gujránwála District at the recent settlement. It was found that the names of some 2,600 absentees were recorded as owners of holdings in that district, and of these as many as 1,749 were absent in 1856. This state of things is by no means peculiar to the Gujránwála District, and several representations have from time to time been made to the Financial Commissioner as to the inconvenience of retaining in our revenue records entries purporting to record titles of ownership which have long ceased to be in accord with actual facts. The Financial Commissioner, to whom the matter was referred in 1890, was of opinion that the provisions of Section 37 of the Land Revenue Act, especially clause (*a*), debarred him from giving any authorization to the removal from the annual records of the names of absentees however obsolete and inappropriate the entries might be. The view then taken is set forth in correction slip No. 15 (copy enclosed) opposite page 138 of the Revenue Circulars.

3. The Financial Commissioner has been moved to reconsider the instructions thus laid down, and it certainly appears to Mr. Rivaz that the legal position has been stated too broadly in the correction slip referred to. It seems to have been the opinion of the Financial Commissioner in 1890 that clause (*a*) of Section 37 requires that some definite fact must have occurred, *subsequent to the original entry of the absentee's name*, to justify any alteration in the record. Such facts forming the basis of ordinary mutation proceedings are sales, gifts, transfers by inheritance, and the like. The Financial Commissioner is now advised that *abandonment* may be an equally valid ground for a mutation of names, and, looking to some of the decisions of the Chief Court in the matter of absentees' rights, it would seem that the question whether an absentee has or has not abandoned his holding is one of fact capable of being proved or disproved in each particular case. If, as it seems reasonable to suppose, a Revenue Officer acting under Section 34 of the Land Revenue Act is empowered to inquire into and determine whether any particular absentee has abandoned his holding or has been absent for so long as to justify with reference to Sections 107 and 108 of the Evidence Act the conclusion that he is dead, it is perhaps desirable to add some instructions to that effect to the correction slip on page 138 of the Revenue Circulars, seeing that the instructions as they now stand are regarded by Revenue Officers as prohibiting any removal whatever of absentees' names from the Annual Records. The Financial Commissioner will, therefore, be glad to receive your opinion as to whether under any circumstances the names of absentee right-holders may be removed from the annual records, and, if so, by what considerations generally should Revenue Officers be guided in cases of the kind.

PARAGRAPH 27 A. All questions regarding the exclusion of the names of absent right-holders, who have long been out of possession, from the record of rights, must be dealt with strictly in accordance with the provisions of Section 37, Act XVII of 1887. These provisions are not in any way affected or relaxed by the provisions of Sections 107, 108 of the Evidence Act (I of 1872), or by those of the Law of Limitation (Act XV of 1877). Thus no lapse of time, however long, will of itself justify the removal of the name of an absentee from the record.

No. 38 A., dated 7th February 1896.

From—E. P. HENDERSON, Esquire, Government Advocate, Punjab,

To—M. W. FENTON, Esquire, Senior Secretary to the Financial Commissioners, Punjab.

WITH reference to your letter No. 166 of the 9th ultimo, I have the honor to submit an opinion regarding the treatment of the rights of absentee right-holders in proceedings under Section 34 of the Punjab Land Revenue Act, 1887.

OPINION.

WITH all deference to the authority which issued it, I consider that the rule embodied in the latter half of Correction Slip No. 15 (paragraph 27 A., Circular 28, cited in Senior Secretary to Financial Commissioners' No. 166, dated 9th instant), in so far as it relates to the Evidence Act, is erroneous.

2. Death and intentional abandonment are both "facts." The word "fact" as used in Section 37 of the Land Revenue Act is not defined by that Act, and must be deemed to be used in the sense in which it is used and defined in the Evidence Act. That a man is dead is "a state of things capable of being perceived by the senses," and if a man intentionally abandons a holding, this is "a mental condition" of which he is "conscious." These are, therefore, undoubted "facts."

3. "Proof" of a fact for legal purposes is a mere matter of probability, not of mathematical demonstration. A fact can be proved by direct or circumstantial evidence, or it may be permissible to "presume" conclusively or rebuttably the existence of a fact without recording any evidence at all. (Certain facts, again, must be "judicially noticed" and do not need even a presumption in their favour.) Such "presumptions" take the place of proof by evidence: they *per se* establish the fact "presumed" in some instances, incontrovertibly, in other instances, in the discretion of the Court and only unless some other proof is adduced which defeats them.

4. And a "presumption" can be built up, or created, by proof of other facts,—indeed, this is the ordinary way of securing a favourable presumption. The law says "establish, by proof, so and so" [*viz.*, certain facts], then you shall be entitled to ask the Court to "presume" the "existence of a further fact and to act on it as a proved fact."

5. As regards the fact of death, the above utterance of the law will be found expressly enacted in Sections 107, 108 of the Evidence Act. As soon as a person proves to the satisfaction of the Court that another person has not been heard of for 7 years by certain individuals described in Section 108, the burden of proof is placed by the law on those who assert that the absentee is still alive, and the court is entitled to say to them, "well, you must prove the fact; if you fail to do so, *I shall find the fact against you, and decide that he is dead.*" As it was well put by Sir W. M. James, L. J., "where any person has to prove *the fact* of death, he proves it by presumption of law from the lapse of time." *In re* Love's Trusts, L. R. 6 Ch. D. 357.

6. As regards intentional abandonment, the proof of this would scarcely ever be direct proof of a specific declaration to this effect. It would almost invariably be a fact to be gathered, inferred from conduct: and I have no hesitation in thinking that actual abandonment if sufficiently prolonged and continuous does, under the general power given by Section 114, justify the Court in presuming, *i.e.*, regarding as "proved," the element of *intention*, in the absence of explanation warranting a contrary inference.

7. It seems to me perfectly clear that if the fact of death, or the fact of intentional abandonment, be thus legally held as "proved" to have occurred, this does under Section 37 (*a*) of the Land Revenue Act justify the making of an entry in accordance with that fact.

8. I trust that the above remarks sufficiently explain the considerations by which officers should be guided in dealing with questions of the kind.

9. I would add that if the slip No. 15 does, as the Senior Financial Commissioner considers, intend to imply that the "fact" referred to in Section 37 of the Land Revenue Act must have *occurred subsequently* to the original entry of the absentee's name to justify any alteration in the record, I am unable to agree in this reading of that Section of Act XVII of 1887. The record is prepared in accordance with facts believed at that moment to be true. If at any later date it be proved that this belief was erroneous,—*e. g*, that a person entered as merely absent had as a fact died at an earlier date, although his death was not known or suspected when the entry was being written,—this in my opinion is undoubtedly a fact, proof of which would warrant an alteration of the entry. I see no justification for adding to clause (*a*) the words which I italicize: ········ "to have occurred *subsequently to the date of the entry*." If any such interpolation in the law be permissible, I would read it into the clause after the word "admitted," and not after the word "occurred." I am aware that the above view is not consistent with the law as enacted in the previous Act, XXXIII of 1871, of which Section 19, clause (*a*), expressly said ······ "facts which have occurred *since the date of the abstract specified in clause six of Section* 14" But I regard the total omission of these most important (italicized) words as indicative of a deliberate intention on the part of the Legislature to remove the restriction and to include for the future (as, in my humble opinion, common sense requires) also facts of earlier occurrence, but not adequately *established* until after the record was complete.

I.—The land will be sold subject to all rights of way or water and other easements, if any, subsisting thereon, and further subject to all other conditions or reservations which, under the provisions of Section 2 of Act XXIII of 1863, may be notified by the Deputy Commissioner at the time of sale.

II.—The land will be sold in full proprietary right, but subject—

(*a*) to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said land, and full right at all times to enter upon any part of the said land and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washings, earth-oil, or quarries in or under the said land, without leaving any vertical or lateral support for the surface thereof or any building for the time being standing thereon [the Government, its successors and assigns making reasonable compensation to the grantee, his heirs, legal representatives and assigns, and his or their lessees or tenants for all damage occasioned by the exercise of the rights hereby reserved];

(*b*) to the payment of the land revenue demand for the time being assessed thereon and of all general taxes, local taxes, canal dues or cesses to which revenue paying lands are liable. The land revenue on such parts of each lot as are culturable will be assessed with reference to the quality and advantages of the land, but the assessment will be a progressive one, the full assessment not being levied until the expiration of the period within which, in the opinion of the assessing officer, it is reasonable to expect that the cultivation will be fully developed.

(*c*) Canal occupier's rates will be charged in accordance with the rates in force on the Bári Doáb Canal, provided that one-half of the demand on account of canal occupier's rates will be remitted for the first four harvests after date of sale.

In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved or any matter incidental or in any way relating thereto, or as to any compensation payable under clause (*a*), the decision thereon in each case of the Financial Commissioner shall be considered final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The land with the wood on it will be put up in lots of various sizes as shown on the plan in the office of the Deputy Commissioner of Lahore referred to in paragraph 2 of Schedule I. Generally speaking the lots are about 140 acres, more or less. A reserved price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. No bidder shall advance at each bidding less than Rs. 2 for each acre included in the lot for which he is bidding; and the highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders, the lot shall be put up again at the last preceding bidding.

Intending purchasers may make their tenders by written application enclosing 10 per cent. deposit on the amount of their bid to the Deputy Commissioner, Lahore, up to the evening of the 17th March 1896. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction it shall be considered the highest bid. Intending purchasers will be permitted to inspect the lands to be offered for sale, on application to the same officer at any time before the sale.

V.—The purchaser shall immediately after the sale pay into the hands of the Deputy Commissioner, or whoever acts as auctioneer, the costs of survey and demarcation, and also of constructing the main and subsidiary water-courses roads and bridges required, which will be aligned and constructed by the officers of the Irrigation Department. The amount payable for the cost of survey and of demarcating and constructing the water-courses roads and bridges shall be declared at the time of the sale, but such cost is not likely to exceed Re. 1-8-0 per acre. The purchaser shall at the same time pay a deposit in part payment of the purchase money of not less than 10 per cent. of the purchase money and sign an agreement in the Form B hereto annexed upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled, the purchaser shall receive an attested copy of the said agreement upon stamp paper to be provided at his expense.

VII.—The purchaser, if he shall so require, will be supplied with a map of the land sold, to be prepared at his expense upon his depositing the sum estimated by the Deputy Commissioner to be sufficient for the purpose.

VIII.—Upon the expiration of one month from the date of sale, simple interest at the rate of 10 per cent. per annum shall be charged upon the balance of the purchase-money for the time being remaining unpaid, until date of payment.

IX.—Within three months from the date of sale, the purchaser shall, without demand, pay a sum which, together with the amount paid, at the date of sale, shall amount to the whole purchase-money, and shall also pay the interest, if any, due at the date of such payment.

The payment within the period specified of such amount, and of the interest due, if any, shall be deemed to be of the essence of the contract for sale, provided that on the written application of the purchaser the Deputy Commissioner may at his discretion allow payment to be made in instalments which shall not extend over a period of more than two years from the date of the purchase.

X.—If the purchaser shall duly make payment within three months from the date of the sale of the whole amount or of the first instalment as the case may be, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Deputy Commissioner, and shall furnish to such officer a written acknowledgment of receipt of possession.

XI.—If the purchaser shall make default in such payment, the Deputy Commissioner may rescind the contract, and the deposit shall be forfeited to the Government.

XII—If the purchaser shall make the payment as required in clause IX, he shall, subject to the proviso in clause XIII, within two months from the date of delivering to the Deputy Commissioner at his office the stamp paper requisite for a deed of conveyance of the lands sold, or the value of such paper, receive from the Deputy Commissioner a deed of conveyance in English signed by him in the Form C annexed to the *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect.

The delivery of such deed within the period specified shall not be deemed of the essence of the contract for sale, and the purchaser shall not, in default of such delivery, be entitled to rescind the contract.

XIII.—Provided that, if the whole of the purchase-money shall not have been paid previous to the delivery to the purchaser by the Deputy Commissioner of the deed of conveyance above mentioned, the purchaser shall execute, when tendered, a mortgage deed to secure payment within five years of the unpaid balance, with interest thereon; such deed to be attached to the deed of conveyance in Form D annexed to *Punjab Government Gazette* Notification No. 760, dated 3rd November 1885, or to the same effect. The deed of conveyance and the deed of mortgage shall both be registered, and the latter stamped at the purchaser's expense, and shall remain in the possession of the Local Government until the whole of the purchase-money, with the interest due thereon, shall have been paid, when the conveyance shall be made over to the purchaser, or his heirs or assigns.

XIV.—All payments to be made under these conditions, on account of purchase-money or interest of any other charges, shall be made at the office of the Deputy Commissioner at Lahore.

XV.—The land is believed, and shall be taken, to be correctly described as to quantity and otherwise, and if any error, misstatement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, nor shall any compensation be allowed by the Government or by the purchaser in respect thereof.

FINANCIAL COMMISSIONERS' OFFICE.

CIRCULAR No. 2.

FINANCIAL COMMISSIONERS' OFFICE,

Dated Lahore, 25th March 1896.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

THE following instructions are issued for the preparation of District Reports and Returns of Income Tax operations for the year 1895-96.

2. Instructions for the preparation of the prescribed returns are printed below. Attention is invited to clause (iii) (*c*) of the instructions relating to Return No. IV and to the paragraph relating to Return No. VI. Returns Nos. III and VI should be sent for verification to the Accountant-General with the least possible delay and be submitted to this office with the other returns after clearing any discrepancies that may be discovered.

3. The District Reports and Returns are due from Commissioners by the 1st of May. Divisional Reports are not required. The District Reports will be forwarded by Commissioners, with their own remarks, and the returns should be carefully checked in the offices of Commissioners before submission to this office.

4. The District Reports should be prepared generally on the following lines :—

(*i*). The total final demand (under all parts) should be compared with the figures of the preceding year.

(*ii*). Total balance should be stated with reasons of non-recovery, and balance on account of previous years should be separately noticed.

(*iii*). Increases and decreases in the final demand should be discussed under each part (of Section 2 of the Act) separately. Under Part IV an analysis should be given showing in which class of assessees changes have been most remarkable, and percentage of tax paid by assessees of each class, and the incidence of tax on assessees of all classes should also be stated. Balances under Part IV should receive special attention.

(*iv*). The Initial Demand under Part IV should be compared with the Final Demand, and the result of proceedings in revision by the Collector and Commissioner should be noticed. The total number of objections disposed of by the Collector and by his subordinates should be shown separately with the amount of remissions ordered.

Details should be furnished as to the number of objections disposed of, *i. e.,* how many accepted in full, how many accepted in part, and how many rejected. Similar information should be supplied as to appeals to Commissioner.

(*v*). Fines and penalties, if any, should be noticed with explanation of the nature of offences for which they were imposed. Causes of increases and decreases should be explained.

(*vi*). Variations in the cost of income tax administration should be commented upon.

(*vii*). Any special cases which may have occurred should be noted, and any remarks which the Collector desires to make on the working of the Act may be added.

(*viii*). Statistics of incidence of the tax (under Part IV) in large towns, civil stations, cantonments and rural tracts should be furnished.

(*ix*). Estimates of the amount of assessments for the ensuing year (under Part IV) should be given.

By order, &c.,

HARI KISHEN KAUL,

(Translated.) *Junior Secretary to Financial Commissioner, Punjab.*

Memorandum regarding the Annual Income Tax Returns of the Punjab.

Return I.—For this the figures are procured independently of the District Offices.

Return II.—This return shows realizations from interest on securities under Part III of the second schedule to the Act. District Officers will fill in the particulars required by columns 7 and 8, which relate to securities issued by local authorities or companies, *vide* Part III, clause (*c*), of the second schedule. They will have nothing to do with the filling in of columns 3 to 6, the figures for which will be supplied by the Accountant-General.

Return III.—(*i*). Columns 3 and 4 are not to be filled up in District Offices, and column 13 is to correspond to column 8, Return II.

(*ii*). Return III is to show total collections during the year under report, whether on account of that year or of previous or succeeding years. In the columns up to 20 inclusive—subject to (*i*) above—all receipts should be shown whether refunds have been subsequently made under Chapter IV of the Act or otherwise. Sums received on account of other districts should be included in Return III of the district *where the payment is actually made,* and *not* in Ruturn III of the district on account of which it was made. It follows that column 20 should show a total in complete accordance with the figures of the Accounts Department.

(*iii*). Column 21 (Refunds) should similarly include all refunds actually made during the year under report, whether on account of that year or of previous years, and whether made under Chapter IV of the Act, or Section 33, or otherwise. The total of the column should therefore agree with the figure of refunds in the books of the Accountant-General. It should be stated in the column of remarks what amount (if any) of the total refunds entered in column 21 was on account of refunds to Government servants whose income tax realizations are made by Accountant-General.

(*iv*). Return III as originally prescribed had no column for miscellaneous receipts, though the Accountant-General has an entry of this kind in his books. A column for these receipts (No. 19*a*) has been added; and the heading of column 20 must be "total of columns 17, 18, 19 and 19*a*."

Return IV.—(*i*). The entries by Deputy Commissioners in this return under Part I should not include deductions from salaries, pensions, annuities and gratuities paid by Government, but only from those paid by local authorities, companies, public bodies, associations and private employers.

(*ii*). The entry opposite Part III should show only the tax on interest on securities of local authorities or companies—see column 8, Return II—and should not include tax on interest on Government securities. Columns 2, 4, 6 and 8 opposite Part III may be left blank.

(*iii*). For the return generally the following directions should be very carefully followed :—

(*a*). Fill up columns 3, 5 and 7 throughout.

(*b*). Treat the return as an *administrative* one. "Demand" means demand *on account of the year under report* only. Collections, if any, in the previous year on account of the year under report should be included. Demand under all heads on account of previous years, and collections under all heads during the year under report on account of previous years, should be shown only in columns 14 and 19 respectively. Collections during the year under report on account of the ensuing year should be entirely excluded; as also should sums collected and afterwards refunded or ordered to be refunded. Sums collected in one district on account of another are to be included in Return IV of the district *on account of which* the collection was made, and *not* in Return IV of the district in which the collection was made.

(*c*). Column 14 should agree with column 21 of the preceding year's return, and if a portion of the arrears of previous years has been struck off or is irrecoverable, the fact should be noted in the column of remarks.

(*d*). Column 15 should equal column 20 + column 21, or an explanation of the discrepancy should be given. Column 21 should show only *recoverable balances.*

(*e*). It follows that the totals of column 22, Return III, will in most districts differ from the total of column 20 of Return IV. The difference, if any, should be fully explained in a + − account in the "Remarks" column of Return IV.

(*iv*). As in the case of Return III, this return should show miscellaneous receipts. Columns 13*a* and 18*a* have been added for this purpose, the first for demand and the second for collections. The proper heading of column 15 is therefore "total of columns 9, 11, 13, 13*a* and 14."

Return V.—This is also an administrative return. No entries should be made by Deputy Commissioners on account of salaries, &c., paid by Government. This return is intended to show details of demand and not of collections, and columns for Grand Total opposite "Abstract I Salaries—Others" should therefore correspond to the figures in columns 8 and 9, Return IV, opposite Part I; columns for Grand Total opposite "Abstract II—Companies" should correspond to columns 8 and 9, Return IV, opposite Part II; columns for Grand Total opposite "Abstract IV—Other Sources" should correspond to columns 8 and 9, Return IV, opposite Part IV.

Return VI.—This return shows the expenditure and presents no difficulties. It should include the pay and deputation allowances of officers on special duty, and the pay of District, Tahsíl and Cantonment Muharrirs. Travelling allowance should not be debited to income tax expenditure unless an officer goes into camp for the sole purpose of the administration of the income tax. The charges for country paper, lithography, &c., for income tax need not be kept separately from the general district expenditure under these heads, nor need they be shown in this return. It should be carefully noted that in this return only the payments actually made during the year should be entered, and any charges falling due but not paid during that period should be excluded. Moreover, details of the figures entered in column 3 should be given in the column of remarks showing how much of the charge is on account of Permanent and Temporary Establishments respectively.

N. B.—In the returns generally only whole rupees should be entered. Fractions of a rupee less than eight annas should neglected, eight annas or more being counted as a whole rupee.

"The Committee are of opinion that unless the Government grant be increased to Rs. 2,700 per annum, it wlll be impossible to maintain the Library in a state of efficiency."

3. It was decided that the Municipal Boards should also be appealed to, and the Secretary was instructed to draw up a letter pointing out that the Library is a Provincial and not a Local one; that students from all parts of the Province, studying in Lahore, enjoy the advantages of the Library, and that therefore the Committee have a right to look to these bodies for support; and that even if such a small sum as Rs. 100 *per annum* were subscribed by each District Board, it would be possible to carry on the Library in a state of efficiency.
